# Инструкция:

Дорогие ребята!

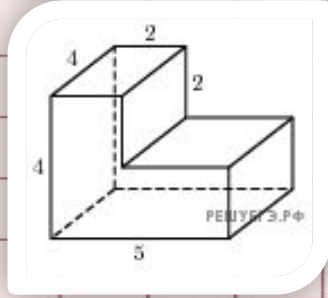

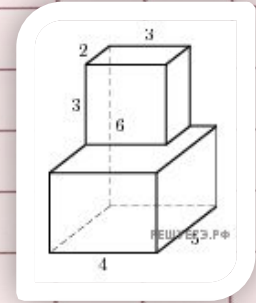

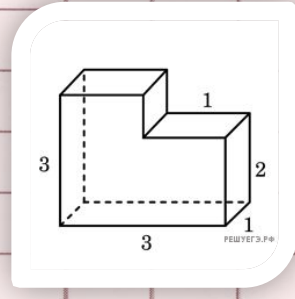

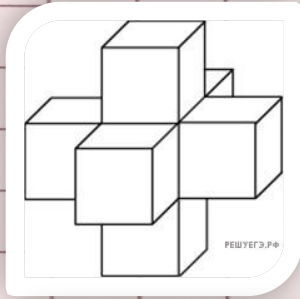

Предлагаются задания для проверки знаний по теме  
«Объем составного многогранника».

**Найдите объем многогранника,  
изображенного на рисунке (все  
двугранные углы прямые).**

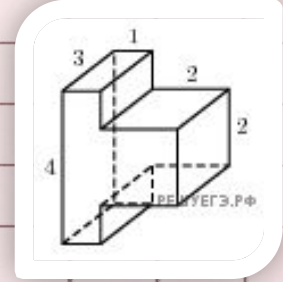

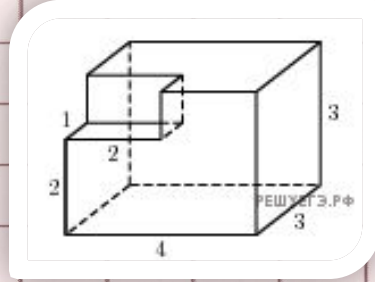

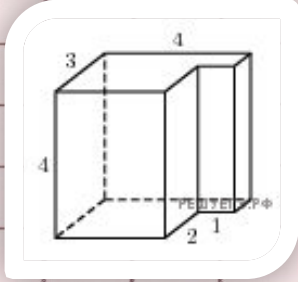

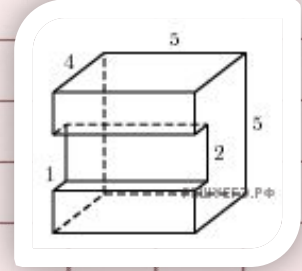

После выполнения задания, чтобы проверить правильность  
ответа, надо щёлкнуть мышкой по прямоугольнику, если  
перейдет на другой слайд, то ответ правильный. Если фигура  
исчезнет, то ответ неверный.

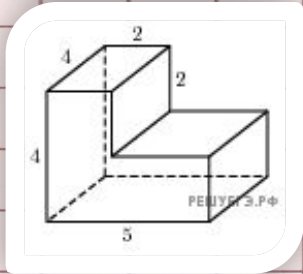

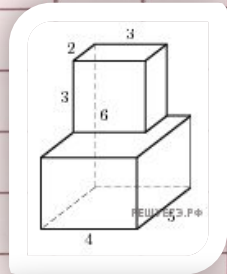

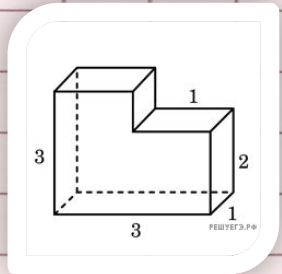

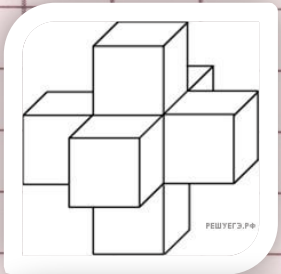

Успехов вам!
