

The causes of the environment pollution and the ways of their decision

Modern cities

PEOPLE

The causes of the environmental pollution:

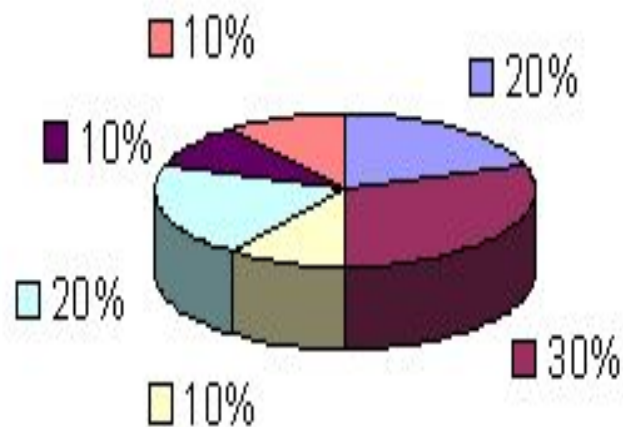

- Smoke from factories and car exhaust fumes;
- Throwing away industrial waste;
- Cutting down tropical rainforests;
- Chemicals which can damage the ozone layer

Manufacture

Загрязнение берега реки Волги

стекло	полиэтилен
жестяные банки	предметы из ткани и кожи
пластмасса	строительный мусор

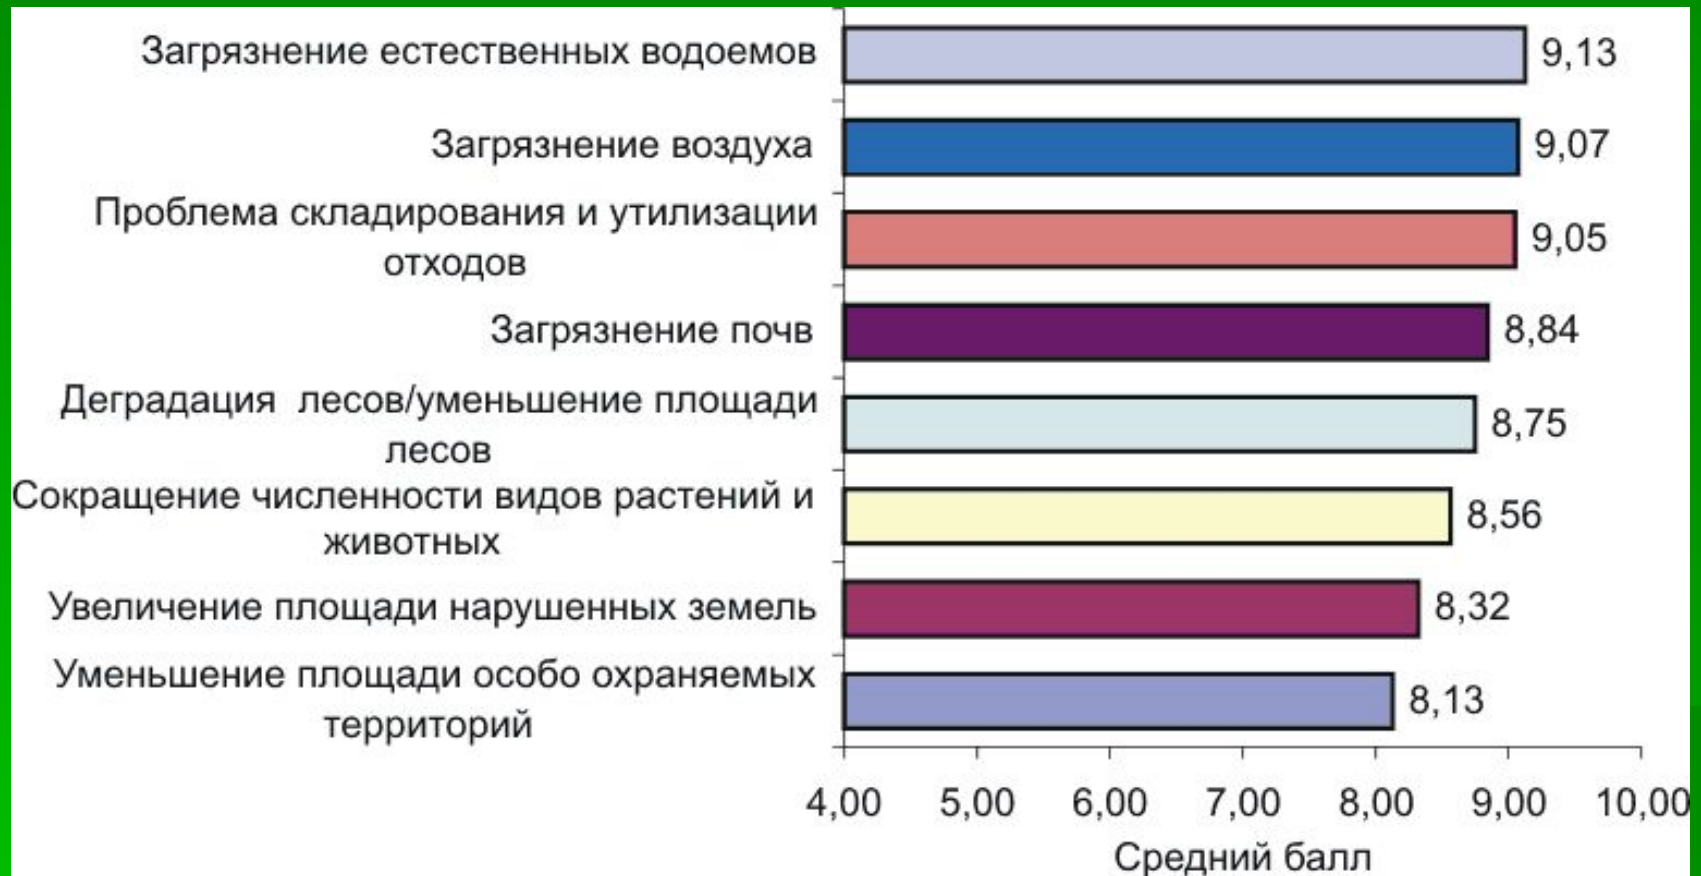

AIR POLLUTION

THE RAINFORESTS

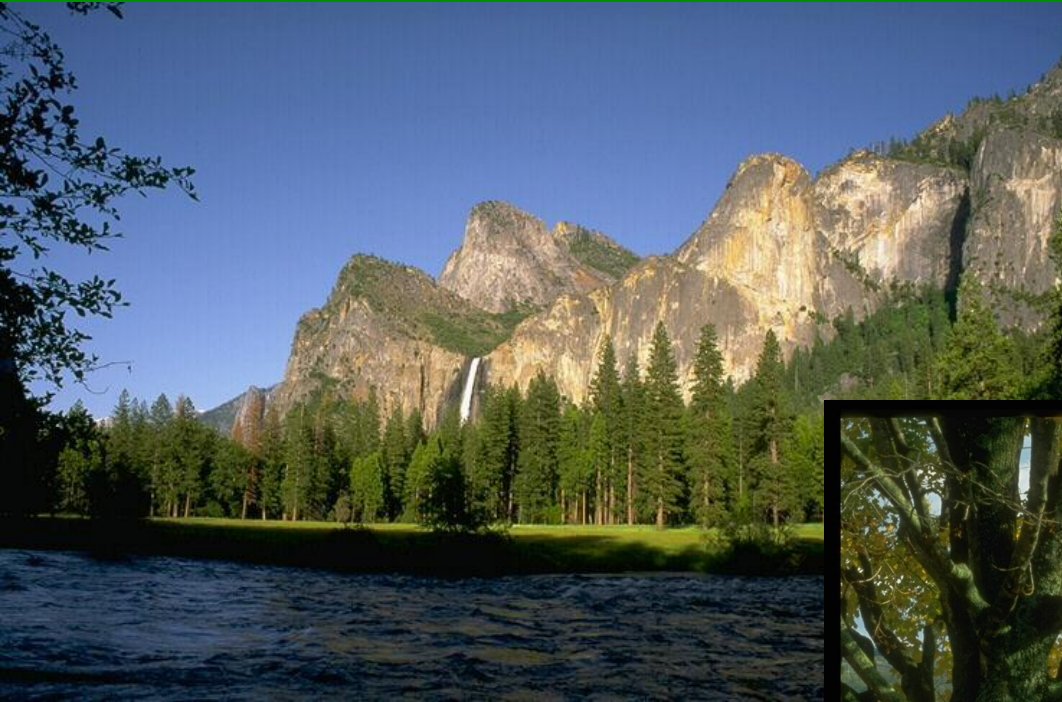

Результаты загрязнения:

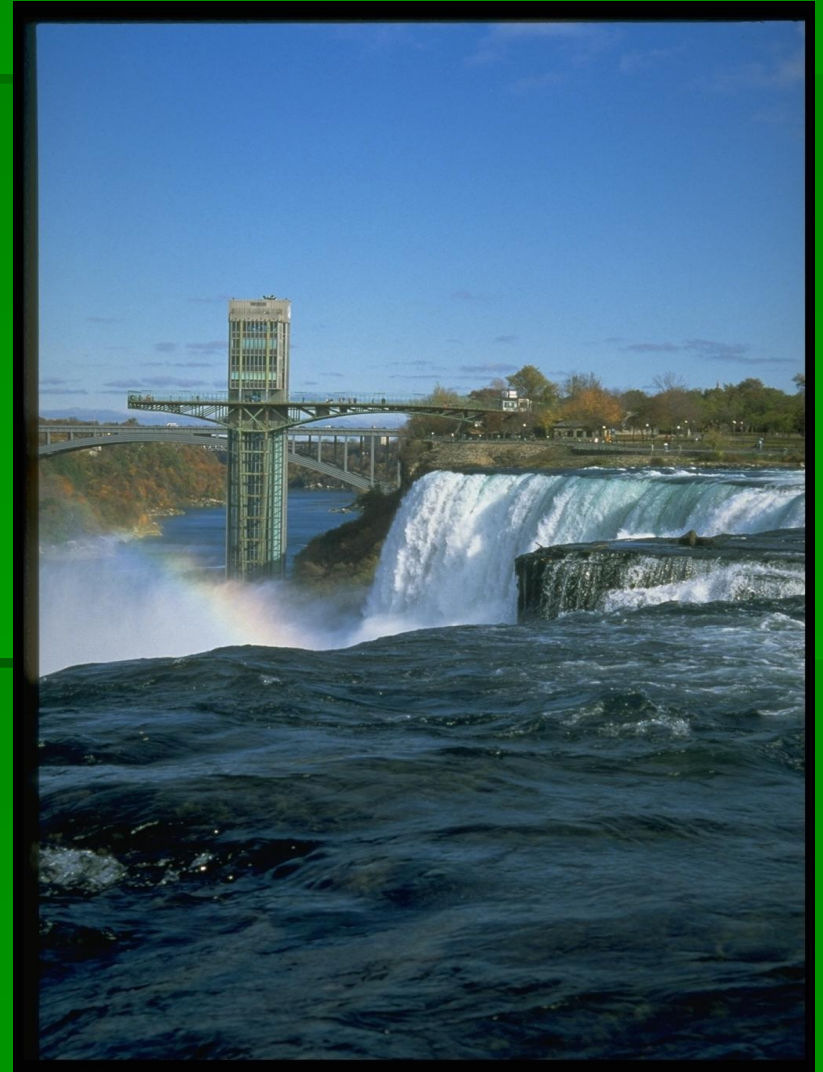

TO PLANT TREES

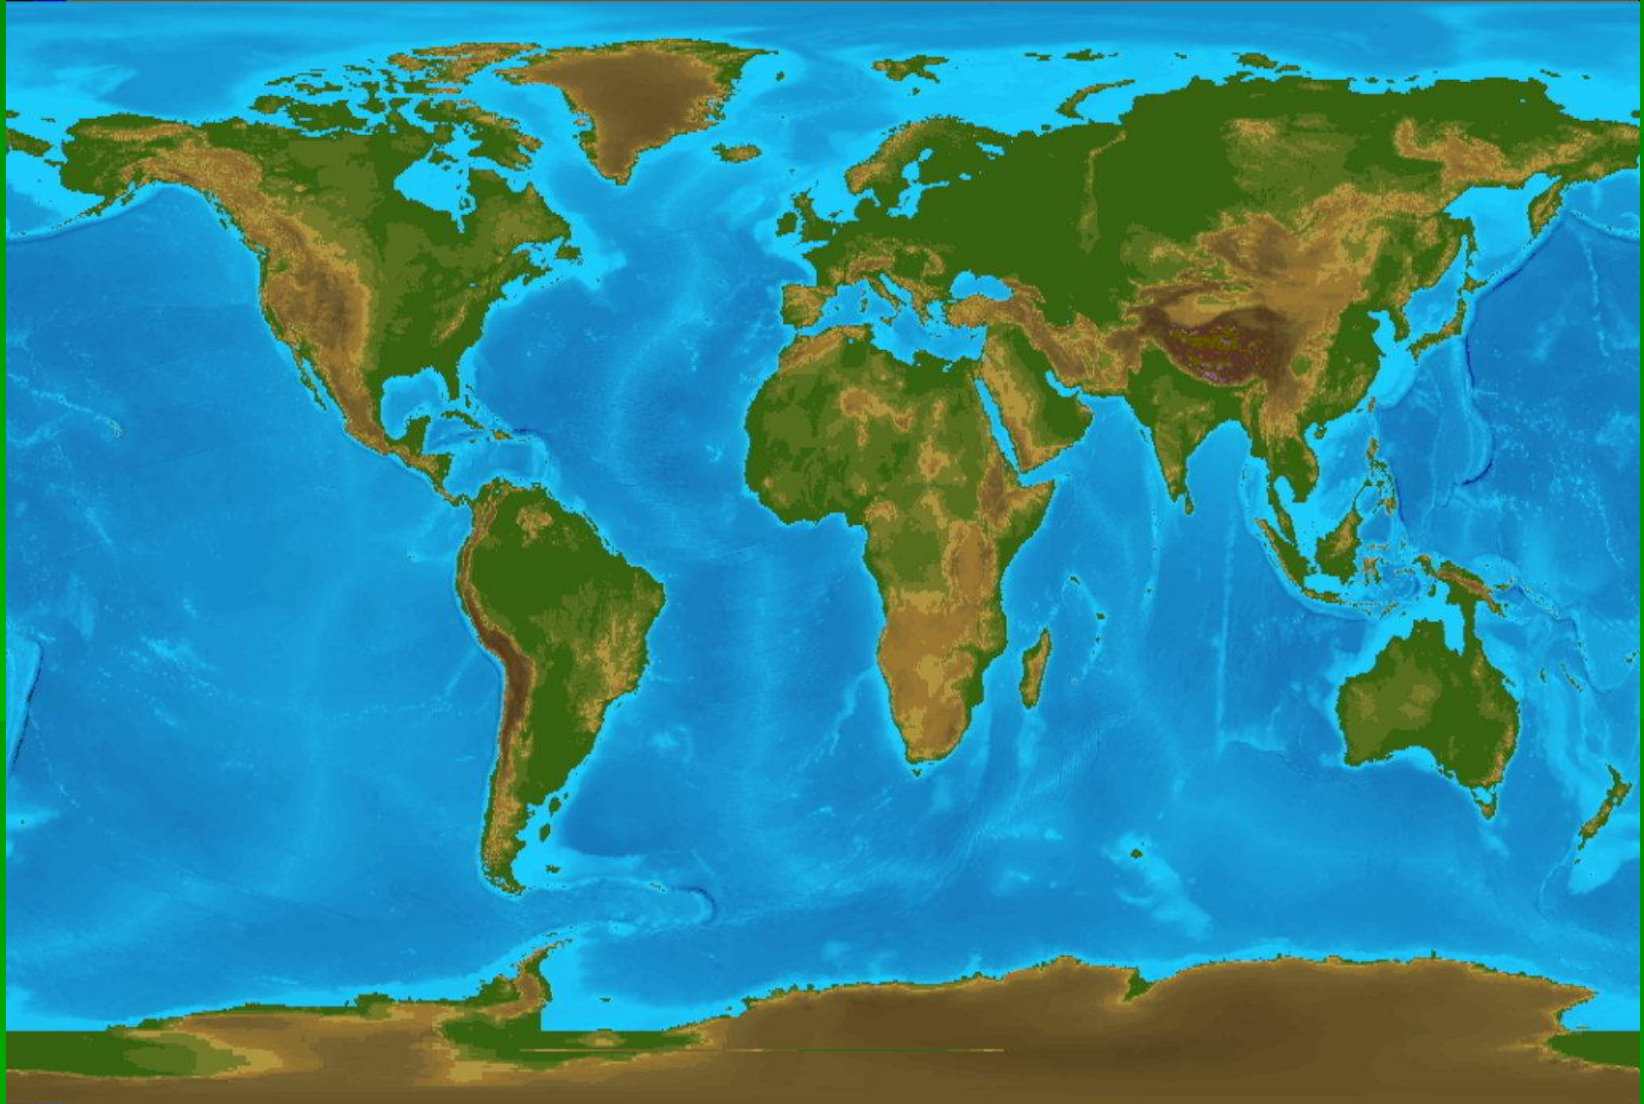

TO TAKE BOTTLES AND NEWSPAPERS

TO PRESERVATE NATURAL RESOURCES

Ecology means “HOME”

Save our planet!

Open your eyes!

REMEMBER:

- Pack up your papers
- Box your bottles
- Crash your cans
- Compost your vegetable waste and...
- **Think before you throw!!!**
