Now let's have a guessing game. Listen to the beginnings of different kinds of stories and try to guess what the genre of the story it is.

1. It was a dark and foggy night. We drove and drove. At midnight just as we were thought we were lost we saw a light behind some trees. As we got nearer we could see a house. We knocked on the heavy wooden door. It opened slowly. A tall man dressed entirely in black stood there. "Good evening", he said in a low, deep voice-"I've been expecting you".

2. The man lay on the ground next to white van. He was dead. I quickly looked in his jacket- some money, a handkerchief and a theatre ticket with a Chicago phone number written on it. Three murders in three weeks and the victims all killed in the same way.

3. Once upon a time a long, long time ago there lived a beautiful princess. She was an only child and her father and mother, the king and the queen loved her very much.
