# DO YOU LIKE YOUR HOME?

## WHY?

I like my home because:

- it is the place where I live
- only at home I can relax and rest
- I can invite guests there
- my home is my castle
- I can do whatever I want there

# Do you know the difference between “house” and “home”?

*House* - is a building that is made for people to live in,

- здание, построенное людьми, для того чтобы там жить.

**For example (Например):**

- ◉ I have a big **house** in the center of the town.- У меня есть большой дом в центре парка.
- ◉ Mr. Johnson's **house** is new and nice.- Дом мистера Джонсона новый и красивый.

*Home* -it is place where you live,

- место, где ты живешь.

**For example (Например):**

- ⦿ The naughty kid ran away from **home**.  
But soon police took him **home** again. –  
Непослушный ребенок убежал из  
дома. Но вскоре полиция вернула его
