

White sharks

Урок 5b: упр.10, стр.69
(a paragraph about a wild animal)

White sharks live in tropical and warm seas. They've got sharp teeth and pointed fins.

© 2007 National Geographic Society. All rights reserved.

They're 3-6 metres long and weigh about 1200 kilos.

They eat all kinds of fish. They live 30-40 years.
