**I want to tell you about the Baikal.**

**In the midst of a thinly populated wilderness there is the foremost natural wonder - Lake Baikal. It is the oldest lake in the world - its age is about 25 million years.**

**Scientists estimated that more than 1500 life forms live in and around this lake. They can be found nowhere else on the Earth. It occupies the territory of 12000 m<sup>2</sup> and 400 km long.**

**Most of the coastline lies in an environmentally protected area. The most numerous of the courageous people are Buryats. They have been living here for many centuries.**

**□ Thanks for attention!**

**□ The end.**
