Valentine's Day: Parties and Celebrations

The most popular way of celebrating Valentine's Day is to go for a romantic one with sweethearts. One can find marks and mementos throughout the day in the form of cards and letters. Valentine's Day is also celebrated by boys and girls by exchanging love letters as an opportunity to celebrate. These days, romantic gestures are coming out to be extremely popular way of celebrating Valentine's Day.

Valentine's Day in Present Times

While most people get out of their way to celebrate the day of love and romance, there are some that are very much against the festival. Some feel that there is no reason to celebrate love on any particular day as love is to be cherished on all days of the year. People are also very much against the excessive commercialization of the festival. In such cases, people such as India, non-orthodox experience the trauma of the festival as they feel it is the play by multinational to impose western values on conservative eastern world.

In spite of the mounting criticism, the popularity of Valentine's Day festival is increasing by the year as people do not wish to miss the opportunity to express and celebrate love.

Love is always open arms. If you close your arms about love you will find that you are left holding only yourself.

Inside the heart of each and every one of us there is a longing to be understood by someone who really cares. When a person is understood, he or she can put up with almost anything in the world.

- Leo Buscaglia

Love wishes with predictability; its very essence is surprise and amusement. To make love a prisoner of the mundane is to take its passion and love it forever.

St. Valentine's

A Valentine's Day

Legends that have found their way to us through the ages. One of the earliest popular symbols of the day is Cupid, the Roman god of love, who is represented by the image of a young boy with bow and arrow.

Three hundred years after the death of Jesus Christ, the Roman emperor still demanded that everyone believe in the Roman gods. Valentine, a Christian priest, had been thrown in prison for his feelings. On February 14, Valentine was released, not only because he was a Christian, but also because he had performed a miracle. He supposedly cured the jailer's daughter of her blindness. The night before he was executed, he wrote the jailer's daughter a farewell letter, signing it "From Your Valentine." Another legend tells us that this same Valentine, well-loved by all, received notes to his jail cell from children and friends who missed him.

February 14 was also a Roman holiday, held in honor of a goddess. Young men randomly chose the name of a young girl to escort to the festivities. The custom of choosing a sweetheart on this day spread through Europe in the Middle Ages, and then to the early American colonies. Throughout the ages, people also believed that birds picked their mates on February 14!

Whatever the odd mixture of origins, St. Valentine's Day is now a day for sweethearts. It is the day that you show your friend or loved one that you care. You can send candy to someone you think is special. Or you can send roses, the flower of love. Most people send "valentines," a greeting card named after the notes that St. Valentine received in jail. Valentines can be sentimental, romantic and heartfelt. They can be funny and friendly. If the sender is shy, valentines can be anonymous.

Americans of all ages love to send and receive valentines. Handmade valentines created by cutting hearts out of colored paper, show that a lot of thought was put into making them personal. Valentines can be heart-shaped, or have hearts, the symbol of love, on them. In elementary schools children make valentines for their classmates and put them in a large decorated box, similar to a mailbox. On February 14, the teacher opens the box and distributes the valentines to each student. After the students read their valentines they have a small party with refreshments.

For teenagers and adults, major newspapers throughout the country have a Valentine's Day offer. Anyone can send a message, for a small fee of course, destined for a would-be sweetheart, a good friend, an acquaintance or even a spouse of fifty years. The message is printed in a special section of the newspaper on February 14.

St. Valentine's

A Valentine's Day

Legend has it that a young girl named St. Valentine was a Roman soldier who was imprisoned in a prison for his religious beliefs. He fell in love with a young girl named Julia. He secretly visited her in the prison and they fell in love. He was executed for his religious beliefs and she was executed for her love. The story of St. Valentine's Day is a beautiful one of love and sacrifice.

Three hundred years after the death of Saint Valentine, the Roman emperor still demanded that everyone follow the Roman gods. St. Valentine was a Christian and he refused to do so. He was imprisoned in a prison. He fell in love with a young girl named Julia. He secretly visited her in the prison and they fell in love. He was executed for his religious beliefs and she was executed for her love. The story of St. Valentine's Day is a beautiful one of love and sacrifice.

February 14 was also a Roman holiday, held in honor of a goddess. Young men randomly chose the name of a young girl to court in the festival. The custom of choosing a sweetheart on this date spread through Europe in the Middle Ages, and then to the early American colonies. Throughout the ages, people also believed that birds picked their mates on February 14.

Whatever the odd mixture of origins, St. Valentine's Day is now a day for sweethearts. It is the day that you show your friend or loved one that you care. You can send candy to someone you think is special. Or you can send roses, the flower of love. Most people send "valentines," a greeting card named after the saint. On February 14, the teacher opens the box and distributes the valentines to each student. After the students read their valentines they have a small party with refreshments.

Americans of all ages love to send and receive valentines. Handmade valentines created by cutting hearts out of colored paper, show that a lot of thought was put into making them personal. Valentines can be heart-shaped, or have a heart, the symbol of love, on them. In elementary schools children make valentines for their classmates and put them in a large decorated box, similar to a mailbox. On February 14, the teacher opens the box and distributes the valentines to each student. After the students read their valentines they have a small party with refreshments.

For teenagers and adults, major newspapers throughout the country have a Valentine's Day offer. Anyone can send in a message, for a small fee, of course, destined for a would-be sweetheart, a good friend, an acquaintance or even a spouse of fifty years. The message is printed in a special section of the newspaper on February 14.

Love is a feeling and a gift.

Valentines is near
Just wishing you were here
You will always be near
My heart will never be the same
Because my skin my soul has waiting for you

Dear Lyubov Petrovna!

Valentine's Day, everyone says words of love, respect for the people who surround him. I met you 4 years ago. I fell in love with my English teacher, the best teacher of English. You learn to speak in English correctly, but more to learn to understand and respect people of other cultures, share their own experiences with us. If you want, I can read books in English, I can easily use the Internet. You

THANK YOU
VERY MUCH!

Morning Star

Each day your smile becomes my morning star.
I look at you and then my feelings shine.
From you I learn far more than words or numbers.
You're the book that someday will be mine.

You're the one whose love my love of learning
Will one day trace in its ancestral line.
For all the ways you help me grow towards beauty,
I ask you please to be my Valentine.

"This valentine poem is dedicated to a TEACHER."

The background is a gradient of pink and red, decorated with various heart shapes and swirls. There are large, solid red hearts, smaller hearts in different shades of pink and red, and white swirls. Some hearts have decorative borders. The overall theme is romantic and celebratory.

**or the candy

It's Valentine's Day. And in the street
There's freezing rain, and slush, and
sleet.

The wind is fierce. The skies are
gray.

I don't think I'll go out today.

But here inside the weather's warm.

There is no trace of wind or storm.
And you just made the morning
shine.

You said you'd be my Valentine.

Love is ... a tender feeling,
Love is ... a way of being,
Love is ... just showing someone you care.
Love is ... helping with the dishes,
Love is ... feeding your pet fishes,
Love is ... just giving from your heart.
Love is ... your baby sister,
Love is ... playing with her,
Love is ... holding her when she cries.
Love is ... sharing your candy,
Love is ... being all that you can be,
Love is ... lending a helping hand When
someone needs you.
Love is ...

Love is ...
For you and me.
Oh! Love is the greatest thing in the world.

Мы такие разные. Учимся жить в поликультурном мире
ВМЕСТЕ УЧИМСЯ, ОТДЫХАЕМ, РАСТЕМ

Пятиклассники ничего не боятся и за все берутся с увлечением. Питомцы Т.В. Спельниковой

Внеклассная работа по иностранному языку имеет большое общеобразовательное, воспитательное и развивающее значение. Эта работа не только углубляет и расширяет знания иностранного языка, но и способствует также расширению культурологического кругозора школьников, развитию их творческой активности, эстетического вкуса и, как следствие, повышает мотивацию к изучению языка и культуры другой страны. Реализация деятельностного подхода во внеклассной работе позволяет эффективно формировать речевую компетентность, а значит, готовить наших учеников к жизни в поликультурном мире. Просветительно-воспитательная работа по иностранному языку составляет часть единого учебно-воспитательного процесса.

В этом учебном году ученики 5, 6 и 7 классов изучали лексику и грамматику, выпол-

тересными заданиями и красочными слайдами.

В начальной школе, где дети только начали изучать английский язык, тоже проводились внеклассные мероприятия, работал детский театраль- ный кружок. В декабре во вторых классах прошел утренник «Праздник английского алфавита». Мы приглашали родителей, пели песни и играли, читали рифмовки.

Заседание клуба любителей английского языка ведет Е.А. Новомлинская

«Английский клуб» собрал любителей английского языка учеников разных классов. В первой четверти мы изучали большие и маленькие страны, где государственным языком является английский. Во второй четверти – изучали биографии известных людей, смотрели фильмы и мультфильмы на английском языке. В третьей – мы изучали песни на английском языке и дружно их пели.

Гимназисты, которые изу-

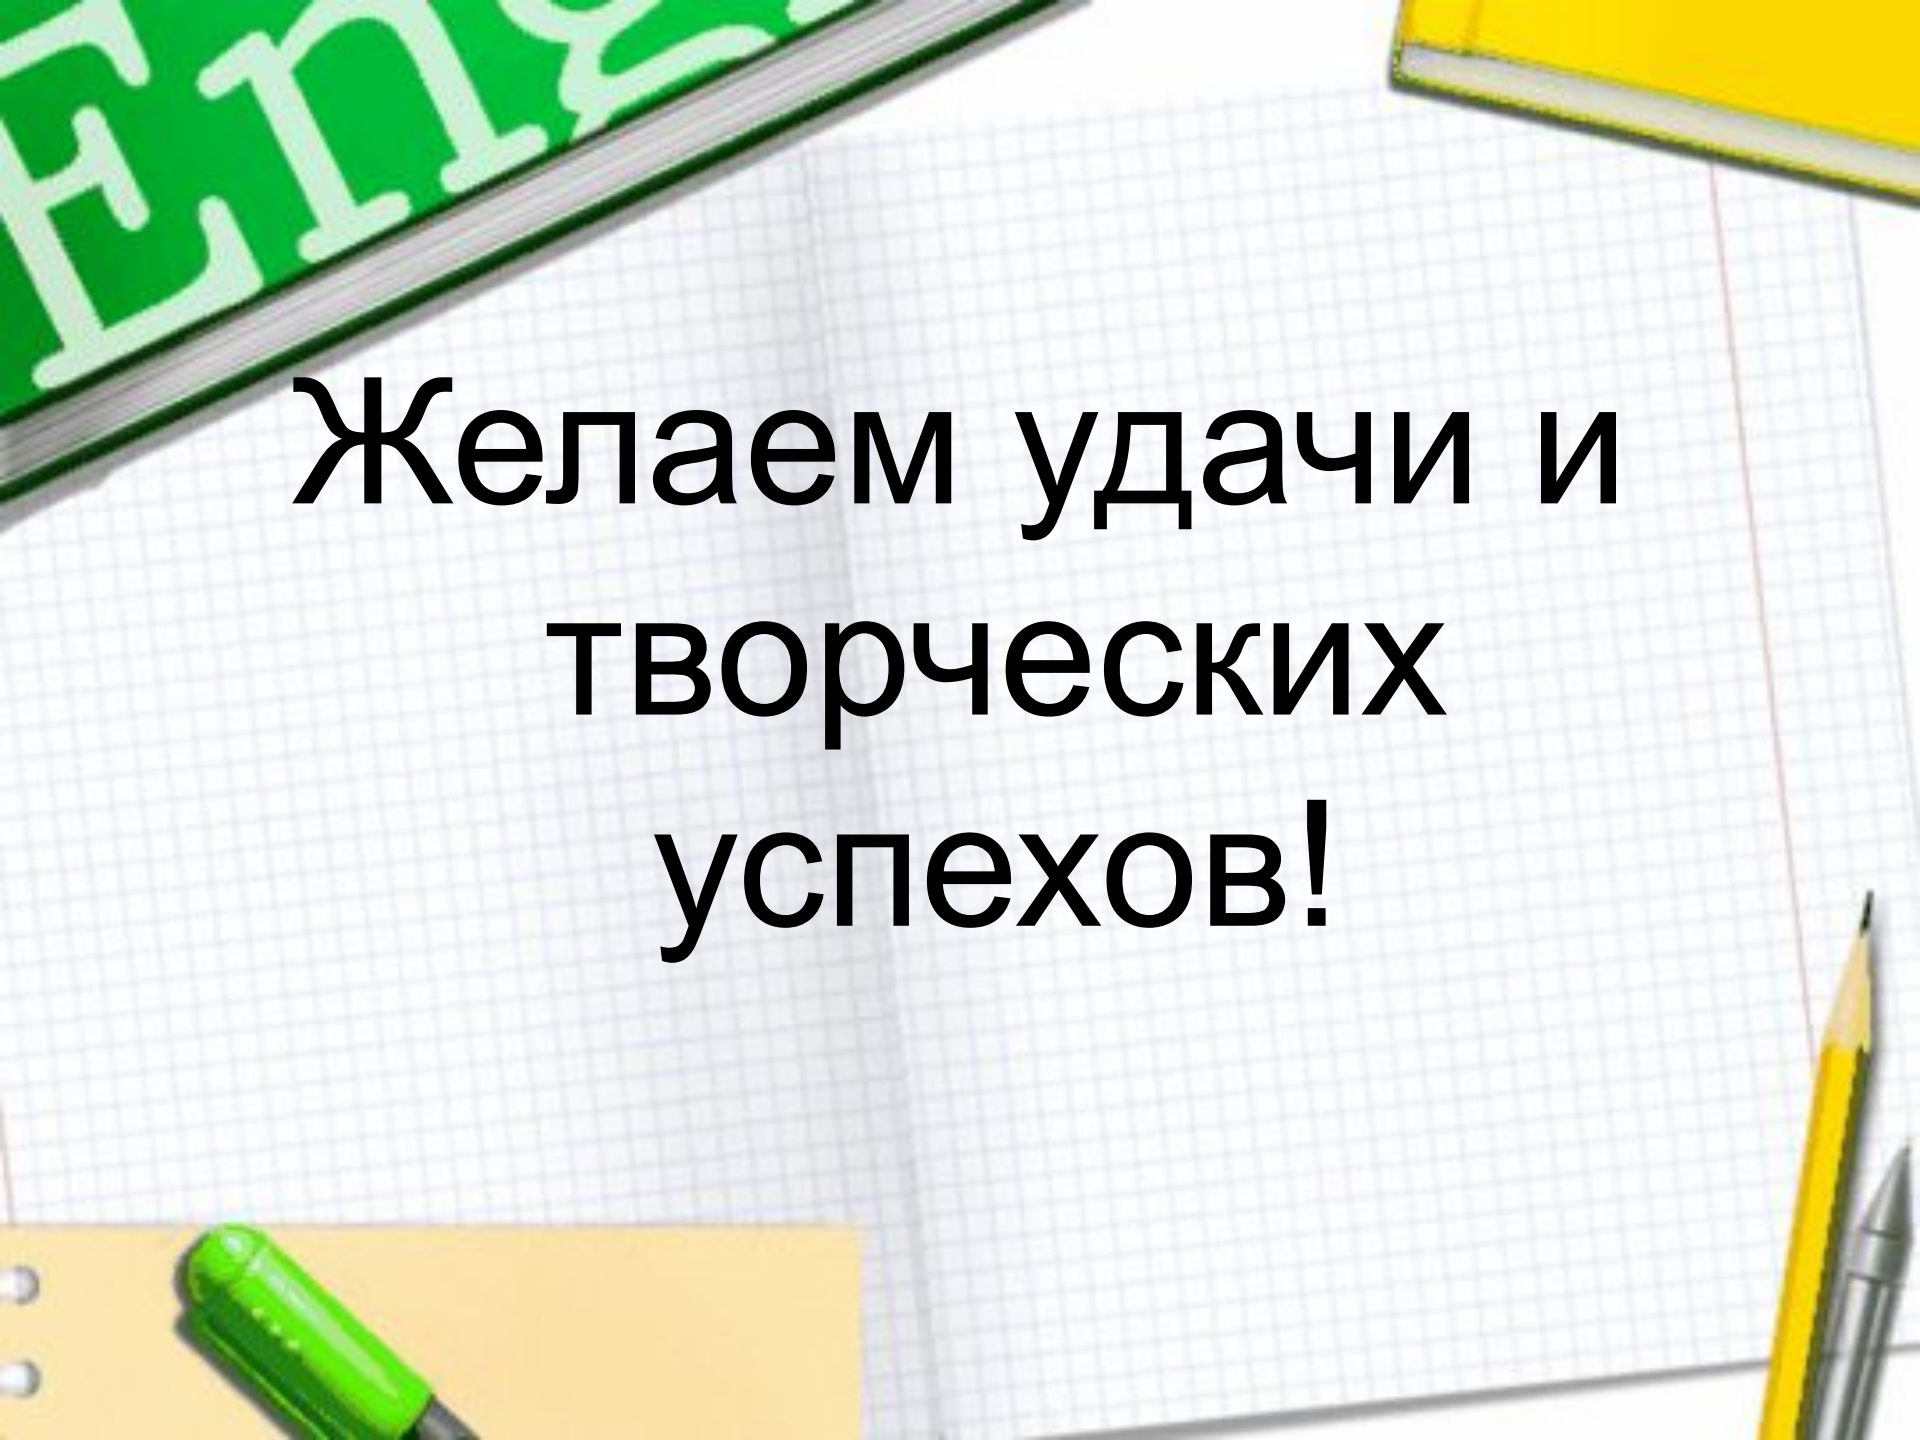

чая именно для наших гимназистов проблема, например «Школьная форма: за и против».

Как всегда интересно прошла традиционная Неделя иностранных языков. В конкурсах, праздниках и олимпиадах приняли участие гимназисты 2-11 классов. Особенно приятно, что живой интерес проявили не только наши «родные» ученики классов с углубленным изучением иностранных языков, но и гимназисты других профилей.

Позитивным результатом внеклассной работы, таким образом, стало реальное иноязычное повышение и безусловное повышение интереса к английскому языку среди учащихся всех возрастов и профилей.

И следовательно, мы на правильном пути: именно единство урочной и внеурочной деятельности открывает новые возможности для модернизации иноязычного образования, поэтому его роль будет неуклонно возрастать. А мы, учителя иностранных языков, будем искать и пробовать все новые и новые формы, методы и технологии, вовлекать во внеклассную работу все новых и новых учеников.
