1. What will the children do, if they join the «Save the Animals» society?

2. What will the children do, if they join «Save the Plants and Air» society?

Task: Choose any mission you like and prepare a talk about it.

1. My mission on Earth is
Animals

2. My mission on Earth is
Water

3. My mission on Earth is
Air and Plants

The Great English writer John Galsworthy said:

«If you don't think about the future you will not have it»

The image is a vertical collage of three environmental scenes. The top-left section shows a transparent globe resting on large, vibrant green leaves. The top-right section shows a pair of hands cupping a small globe with a green sprout growing from it, set against a blue sky with white clouds. The bottom-right section shows a pair of hands holding a small, full green tree, also against a blue sky with clouds. The bottom-left section is a blurred, bright green landscape with a sun flare.

*The Earth is my home,
I promise to keep it healthy and nice,
I will love the land, the air, the water
and all living creatures.*

We will save the Earth!

Спасибо за внимание!
