

Mini-project «Start anew»
My expectations and worries at the
beginning of the school year

Myryleva Tatyana, 10a

Introduction

The start of a new school year is a big deal. Whenever the first day of the school year is, it elicits a lot of feelings. We feel very excited to meet my classmates and teachers.

My expectations

- new impressions
- interesting school and class events
- trips
- excursions
- expansion of my knowledge about the world

My expectations

I want to make new friends and to strengthen friendship with the old ones - so, I continue to improve my character. I'll try to be kinder, sympathetic to the behavior of those who are near.

My expectations

The most important thing at school - studying. The previous school year I had only excellent marks. I will try to stay that way, despite the fact that some subjects have become more difficult.

My worries

Learning problems

- a lot of homework
- a lot of tests
- a lot of difficult subjects

Conclusion

Each school year - a part of the long path that leads to a great life and I expect it to be successful and very interesting.

Thank you for your
attention!
