Work with the topic

I am fond of good books and good music, and when I have some time to spare, I like to go to the theatre or a concert. There are more than a dozen very good orchestras in Britain and some of them are world famous.

Orchestras in Britain have no concert halls of their own, but play in halls rented from local authorities or private companies. There are 2 big concert halls in London. The Old Royal Albert Hall and the New Royal Festival Hall, which is one of the most modern concert halls in the world. Theatrical performances are given by theatre companies. There are about 200 professional theatres in Britain. Like orchestras, the theatre companies usually play in rented theatres, but there are several theatres which have their own homes. The center of the art life is London. London is also the main center of opera and ballet. In Britain the choice of films is limited to young people. Films are placed in one of three categories in Britain. "U" - suitable for everybody, "A" - more suitable for adults, "X" - suitable only for adults. Those, who prefer to stay at home may spend their free time, watching TV, listening to the radio. They have many TV and radio programs to choose from.
