

A vibrant, futuristic cityscape under a blue sky with scattered clouds. The architecture is modern and eco-friendly, featuring tall buildings with green facades, balconies with plants, and a prominent wind turbine. A cable car system is visible in the foreground, with several cars suspended from a track. The scene is lush with greenery, including trees and a winding path. The overall atmosphere is one of a sustainable and advanced urban environment.

How do I imagine my city in the future?
