# TRAVELLING

“THE USE OF TRAVELLING IS TO REGULATE  
IMAGINATION BY REALITY, AND INSTEAD OF  
THINKING HOW THINGS MAY BE, TO SEE THEM  
AS THEY ARE.”

# What is traveling for?

What is traveling for me?  
It is the shining sun, the sea;  
The golden sand which look like beads;  
The blue-eyed sky and tender breeze.

And when the twilight falls from height,  
The night appears from heaven's gate.  
I see the moon in magic light,  
And stars, that sparkle at the night.

What do I see when close my eyes?  
A milk-white ship with two red strips;  
The limpid clouds at the dawn  
And sun, that rises all alone...

That's what I'm looking for in dreams,  
And they are my inspiring beams!  
I want to see it, to be hold  
And travel all over the world!

It is two hours before **DEPARTURE** time and I still haven't set off for the airport, although the ticket **INFORMATION** says I am supposed to be there at least one and a half hours before the **FLIGHT** is due to take off. I have always considered this policy totally **UNNECESSARY** and so tend to arrive at the airport as late as I can.

This habit of mine was almost **DISASTROUS** the last time I set off for the airport by train. Everything was going **SMOOTHLY** and I was feeling quite relaxed, when suddenly the train stopped and an **ANNOUNCEMENT** was made that we had to change trains for what they referred to as **TECHNICAL** reasons. Of course this was another way of saying the train had broken down and it meant a delay of about twenty minutes.

As if that wasn't enough, on \_\_\_\_\_ at the airport there was a huge queue at the check-in counter. There had been a \_\_\_\_\_ bomb threat and everyone had to go through a thorough security check before finally boarding the plane.

# Travel

The people of Canada are as diverse as the time zones. On the streets of big cities like Toronto, Montreal, and Vancouver, you can see faces from almost any race - and they're all Canadians! The first people to come to Canada were the Inuit and Indian. They came from Asia by way of the Bering Strait about 30,000 years ago. Throughout Canada's history, immigrants from all countries have brought their native language and traditions, making Canadian society a cultural mosaic.

Canada is a land of many natural wonders. From the vast central plains to the dense northern forests, Canada's environment is something to be proud of and something we Canadians must be very careful to protect.

### **Above 42 points — Adventurous**

If you could, you would always have a backpack, ready to leave for an adventurous journey. Holidays, for you, mean looking for adventure without organizing or planning before. You are enthusiastic and curious. You'd rather go to an unknown, undiscovered place than go back to a place you know well. It's your curiosity that helps you to overcome every obstacle.

### **From 25 to 42 points — Imaginative**

You have a good dose of adventurous spirit and a good deal of courage, but you don't like to get into trouble. You are quite enthusiastic about inventing hundreds of adventurous ideas. You should leave your school books and worries behind and use your imaginative quality to make new friends and to enjoy yourself.

### **Less than 25 points — Peaceful**

You are a calm type. For you, an ideal holiday is sitting under a beach umbrella or relaxing under a tree in the silence of the countryside. Adventure activities don't attract you. You like to meditate for some time before acting logically. Holidays, for you, should be a way to do sports and exercises and to meet new people

**And still  
travelling ...**

**broadens our outlook  
gives us life experience  
leaves impressions  
helps us explore the  
world  
allows us to understand  
other people better**

May all your dreams come true
