The background is a light, textured surface with various watercolor splashes in shades of blue, purple, and pink. Several watercolor butterflies are scattered around the circle, including a large purple and yellow butterfly on the right, a smaller pink butterfly at the top, and a blue butterfly on the left. **As I  
spent the  
summer**

# This summer was very rich.

As usual in early summer to me  
come girlfriend whom I wait with  
impatience

And finally, we're going to all get together and it all begins

Began summer sunsets,  
Summer walks, summer stars,  
summer adventure

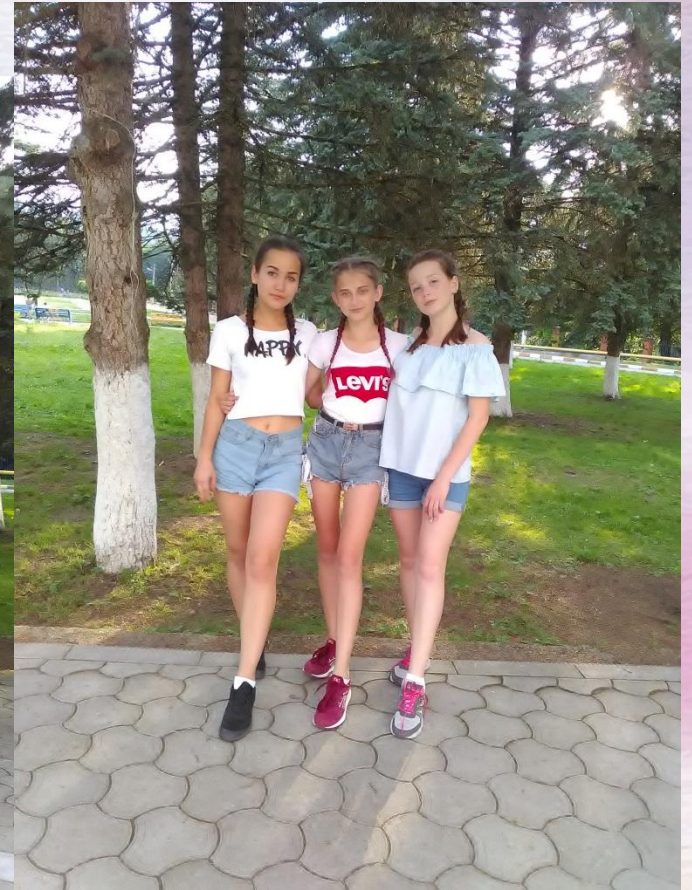

# And finally the end of June and I'm off to camp

I've been waiting for this for so long that even I can't believe

In the Caucasus (there was a camp), I found a lot of friends with whom we communicate so far.

When I left, it was hard to say  
goodbye to those people with  
whom you have become like a  
native

# Second month of flying. Funny evening adventure with friends, beautiful sunsets, stars

As usual in early August we with my parents and friends celebrate my birthday

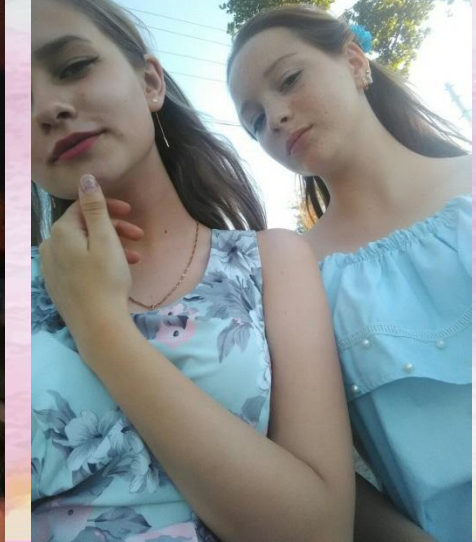

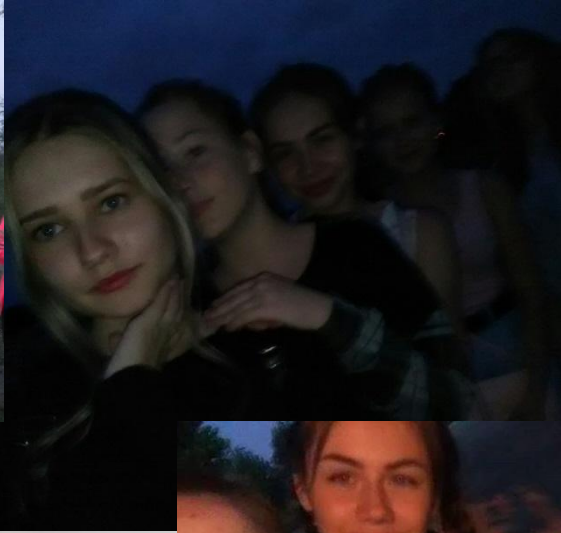

This year we decided to go with girlfriends in a movie theater. And we have not regretted.

In the last days of summer we hiked and did not want to leave in the summer.

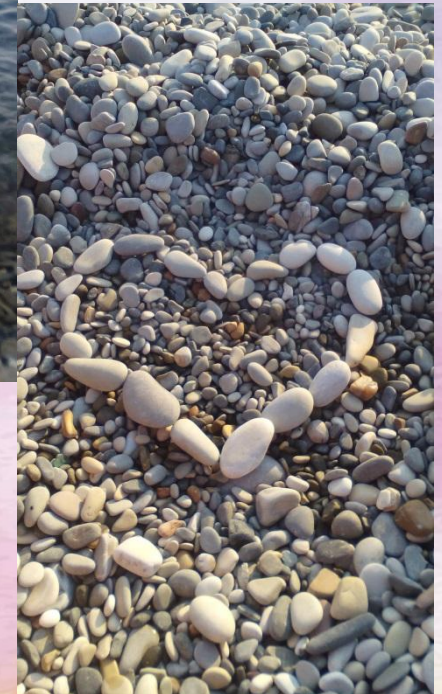

Here's the first of September, But for many, summer is over, but not for me

In early September we with my parents went to the sea

It was a good vacation, we visited a lot of where, a lot of things learned and with new forces can return home

At the end of my story, I would like to say that this summer was one of the best
