Imagine you are going to make a video or presentation about your native town/city. Use the story board below. Draw pictures or write short descriptions of the 8 scenes you want to include. Give your video a title, then present your video/presentation plans to the class.

Title

The storyboard consists of eight blue rounded rectangular boxes arranged in three rows. The first row contains three boxes labeled 1, 2, and 3. The second row contains three boxes labeled 4, 5, and 6. The third row contains two boxes labeled 7 and 8. Each box is intended for a student to draw a scene or write a description for their video or presentation.

Choose any attraction you want. You can also write about good restaurants and hotels.

If you are in Kerch, you must visit this church in the centre of the city. Nice painting on church walls.

It is small and compact church. The architecture is plain, I wouldn't spend time studying and admiring the church.

The oldest church in Eastern Europe and possibly the oldest in all of Europe. To kneel on stones that are over 1300 years old is humbling.

Beautiful place. Lake, sea and fields. Views are incredible. Go & enjoy.

They say the mud in the lake has a therapy effect. But the smell is awful & disgusting. There is no any amenities and facilities nearby.

Sandy beaches and the sea are wonderful. There is Karalarskiy natural park nearby.

**Must visit place.
Impressive story about
the Second World War.
Bring warm clothes with
you. It's about +6 there.**

**Incredible monument to
courage. An absolute
must-visit if you are in
Crimea. Best means of
getting there is by taxi.**

**Definitely worth a visit. This
is a very special museum.
You'll feel very surprised
how the real army could
survive and fight in the dark
cold quarries without
ammunition, food supplies,
electricity and weapons.**

**I think it's a must visit the
museum if you are going to
Kerch. You should take a
flash light, it's extremely
dark here. Also get a jacket
it's quite cold.**

attention!
