

What 7th form students think about the future.

I don't want to think about the future, what will happen tomorrow, in a day , a week, a month. What will be will be. But the main thing, it wont to destroy the nature.

Arina, 7a form

I'm really optimistic about the future. I think that in the future will be opened new greatest inventions in different areas and the cure for terrible diseases. Nick,

I think in the future, people will start to care about nature and invent new technologies that will clean the air. Children will learn at home. Ruslan, 7a form

I don't think about the future. I'm not interested in what will happen in the future. Raihan, 7a form.

What will happen in future? Perhaps our future will not be very happy. I think that this rapid advance in science is not good. Scientists' experiments will create a very dangerous disease.

A large, bright orange and yellow nuclear mushroom cloud explosion is centered in the image. The cloud has a thick, vertical column of fire and smoke rising from a base of smaller clouds, topped by a wide, flat, glowing disc. The background is a dark, overcast sky. The foreground shows a dark, flat landscape, possibly a coastal area or a field, with some faint, dark structures or terrain visible. The overall scene is dramatic and ominous.

It will be a very serious war with use of nuclear weapons , for example, the war between the US and Russia, but I have no doubt that Russia will win. Yes, our future is grim, but we all will survive! Liza, 7b form

I'm very optimistic about the future. I believe, it will be the age of computer technology and I will be very glad. I think that in the future children will not go to school and will study at home through the computer. Kirill, 7b form

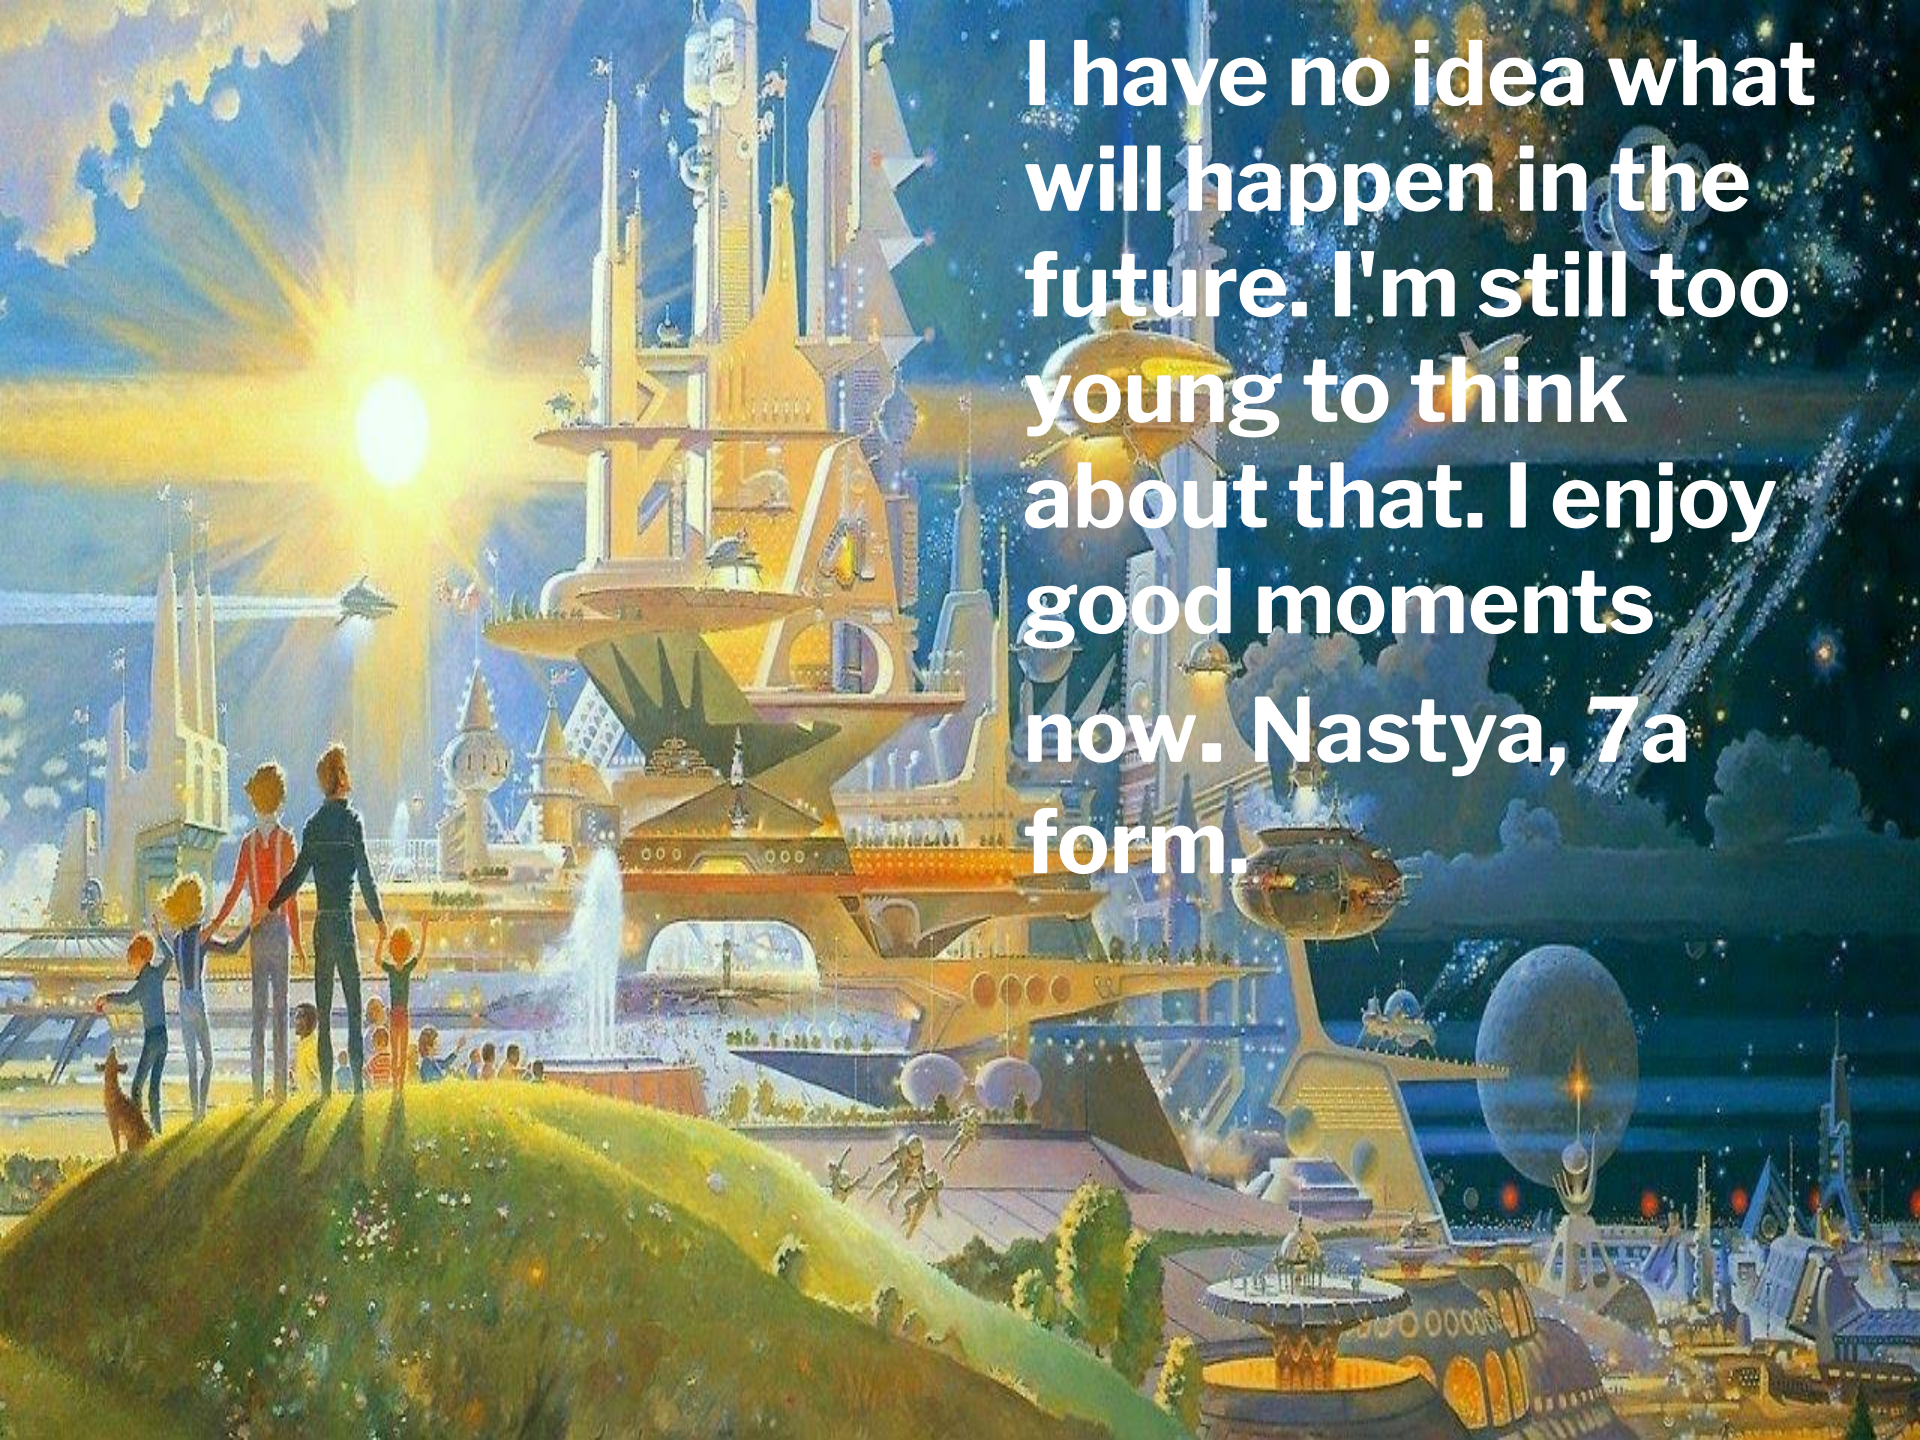

I am optimistic about the future. In the future all people will travel on other planets. There will be great progress in space technologies and medicine.
Matvei, 7a form.

I am very optimistic about the future. I think people will live on Mars and on the Moon. Kristina, 7b form.

A vibrant, futuristic cityscape at night. In the foreground, a family of five (two adults and three children) stands on a grassy hill, holding hands and looking towards the city. A dog is also present. The city is a complex, multi-tiered structure with golden and blue lights, featuring various architectural elements like spires, domes, and flying vehicles. The sky is dark with stars, a bright sun or moon on the left, and a large satellite dish on the right. The overall atmosphere is one of hope and wonder.

I have no idea what will happen in the future. I'm still too young to think about that. I enjoy good moments now. Nastya, 7a form.

I am optimistic about the future. I think, people will protect and take care of endangered animals. Scientists will make medicine from dangerous diseases. All people will be healthy, friendly and happy. Valeriya, 7 b form.
