State Pushkin
Museum of Fine Art
is one of the famous
and largest museum
in Russia.
This building is
located in Moscow on
Volkhonka street.

The building was built in Greek style by Roman Klein in 1898-1912 to house a museum of fine art, founded by the initiative of professor Ivan Cvetayev. Since 1937 has been known as the Pushkin Museum of Fine Art.

It has one of the world's largest ancient collections of European art. Now the picture gallery has over 2 thousands works of various schools of painting.

Why concrete this name, Pushkin Museum?

The name of Alexander Pushkin was given to the Museum in 1937, on the anniversary of the tragic death of the poet. Reasons for the renaming were a historical event.

The opinion of one of the visitors

I have once visited the Pushkin Museum of Fine Arts and it was an unforgettable experience. There I understood that art reflects life and appeals to our hearts and minds. This museum has one of the largest collections of the ancient, oriental and classical art in the world. Apart from paintings, I saw some outstanding sculptures there. The Pushkin Museum also holds one of the biggest collections of Ancient Egyptian Art.
