

Christmas

A cozy, snow-covered cottage at night with warm lights glowing from the windows, set in a winter forest. The scene is illuminated by a soft, warm light, likely from the sun setting or rising, creating a magical atmosphere. The snow is thick and covers the ground, trees, and the roof of the house. The house has a gabled roof and a chimney, and the windows are lit up, showing a warm interior. The trees are bare and covered in snow, and the overall scene is very peaceful and inviting.
