- Clare(17): I really enjoy using my computer. It's so interesting. I can make new friends and chat with them on the Internet. Now I have two close friends from Italy and Canada. Next summer we are going to meet in Paris and spend a week together visiting museums and painting. Painting is our hobby. Besides, the Internet helps me in my studies. I can find the necessary information and use it in my work.

- Mrs O'Neal (her mother): I hate computers! Children sit in front of them for hours. It's bad for their eyes. They cant stop playing cruel and silly games. They become nervous, angry and tired. Computers are a waste of time. Children use them only for games and don't really learn anything.
