Школа, учителя, одноклассники, учебные предметы, тестирования и экзамены - это то, без чего не может себя представить ни один из моих сверстников. А как получают среднее образование дети в Англии - стране, язык которой я изучаю? В исследовательской работе сравнивается российская система образования, которой удается сохранить фундаментальность и качество подготовки, с образовательной системой Великобритании, имеющей свои особенности, но помогающей школьникам делать осознанную карьеру.

Среднее образование — это первый и очень серьезный шаг, который делают будущие ученые, юристы, врачи, бизнесмены.

Возможно, системы образования в разных странах не сильно отличаются друг от друга, но имеют свои особенности.

Основным звеном в системе образования является общеобразовательная школа, которая готовит молодое поколение к жизни и работе на современном производстве. Поэтому в своей работе мы более подробно остановимся на сравнении среднего образования России и Великобритании.

- **Цель данной работы** заключается в сравнении системы среднего образования России и Великобритании и воспитании понимания ценности образования как средства развития культуры личности.

## Задачи:

- Обогащение страноведческих знаний
- Развитие интеллектуальных способностей и личной активности
- Развитие познавательного интереса, умения наблюдать и анализировать.
- Воспитание уважительного и терпимого отношения к системам образования различных стран

## ГИПОТЕЗА:

Данное исследование помогает не только вникнуть в систему образования России и Великобритании, но и дает возможность лучше овладеть английским языком через знакомство с различным лингвострановедческим материалом и осознать роль английского языка как средства межкультурного общения.

# “Education brings a child into the world”

**Many British children start school at the age of 3 or 4 if there is a play school near their house.**

**These schools are nursery and they are not compulsory.**

**Children are taught to sing, draw, they play different creative games.**

**Compulsory education begins at the age of 5, when children go to primary school.**

# PRIMARY EDUCATION

**All children start primary school by the age of 5. Primary education lasts for six years.**

**A primary school is subdivided into an infant school for children from the age of 5 to 7 and a junior school for children from the age of 7 to 11.**

**Some parents pay for their children to attend a private school, but all children have the right to go to a state school which is free.**

**Private schools are called public schools.**

**Most of them are boarding schools.**

**More than 90% of British children attend state schools.**

**In English schools pupils have to address men teachers "Sir" and women teachers "Miss" or "Mrs".**

- In Primary School children learn to read and write and the basis of arithmetic. In the higher classes of Primary School they learn geography, history, religion and a foreign language.

# IT'S INTERESTING

- The most famous public schools in Britain are Eton, Harrow, Winchester.
- A year at Eton costs 17,000 pounds. It is very old, and a lot of important people used to be students there. It is an all-boys school.
- Prince William, the Queen's grandson, went to Eton too.

# SCHOOL UNIFORM

A lot of people think that school uniforms in England are for the children from rich families at the country's best schools.

But it isn't always true. In fact, uniforms first came to schools for poor because they were cheaper.

Today a lot of British schools have uniforms. Usually they differ only in colours but include a blazer, a pullover, a shirt (a blouse), trousers (a skirt), tights or socks, shoes and boots, a scarf and gloves of a certain colour, a cap or a hat. School badge is on a cap and on a blazer's pocket.

One of the most important elements of the uniform is a **school tie**.

# IT'S INTERESTING

**School tie – у англичан есть выражение "To be true to your school tie"-  
"Быть верным своему школьному галстуку". Это означает, что и  
через много лет выпускники сохраняют верность своим  
школьным друзьям и всегда готовы помочь им.**

**Для выпускников престижных частных школ такой галстук является  
не только символом дружбы и взаимопомощи, но и пропуском в  
общество самых известных и влиятельных людей страны.**

# SECONDARY EDUCATION

**After five years of secondary education, pupils take GCSE (General Certificate of Secondary Education) examination.**

**Compulsory education ends at 16.**

**Some people leave secondary school and go to colleges for further education.**

**Some choose to stay at secondary school for two years more and prepare for a university.**

**Today a lot of Russian schools have uniforms. Each school has its own uniform. Usually it differs in colours, girls wear a blouse, a skirt or a sundress (a sarafan), a vest or a jacket, boys wear a shirt and trousers, a tie and a jacket. In some schools girls wear a dark dress with a black apron or a white one.**

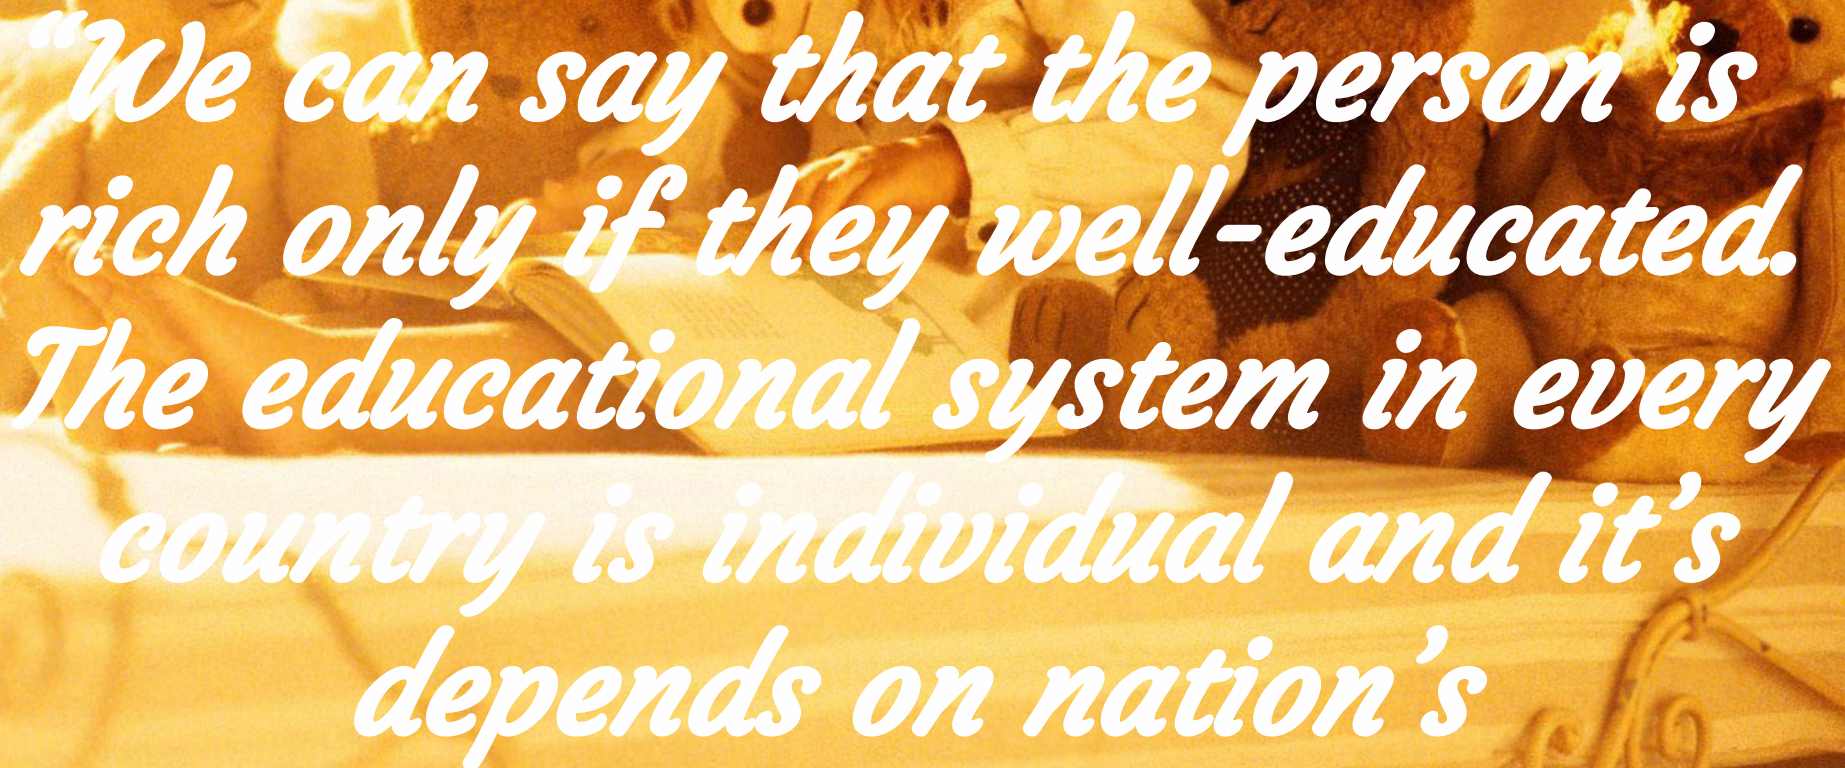

# Assessment (grades)

**Students are graded on a 5-step scale**

- 5 – “excellent”
- 4 – “good”
- 3 – “satisfactory”
- 2 - “unsatisfactory”
- 1 – “failure”

Each student has a personal book of records of academic achievements where the teacher would record the grades for the student after a test or an oral report.

A young girl with blonde hair is sitting up in bed, reading a book. She is surrounded by several teddy bears of various sizes. The room is dimly lit with a warm, golden glow, suggesting a night lamp or soft lighting. The bed has a white sheet and a decorative metal headboard.

*"We can say that the person is rich only if they well-educated. The educational system in every country is individual and it's depends on nation's*
