Today we are still in
your forests,
In the sky, in the rivers,
but look:
Don't kill us! Because
your children
Will see us in picture
books.

I think it's because people ...

I think it's because people don't ...

Today you are going camping
With your family, friends or class.
Please help us, don't drop any litter!
'Cos' your litter live longer than us!

Today you cut down your forests
But the planet needs our leaves.
Please stop it because tomorrow
You'll have no air to breathe!

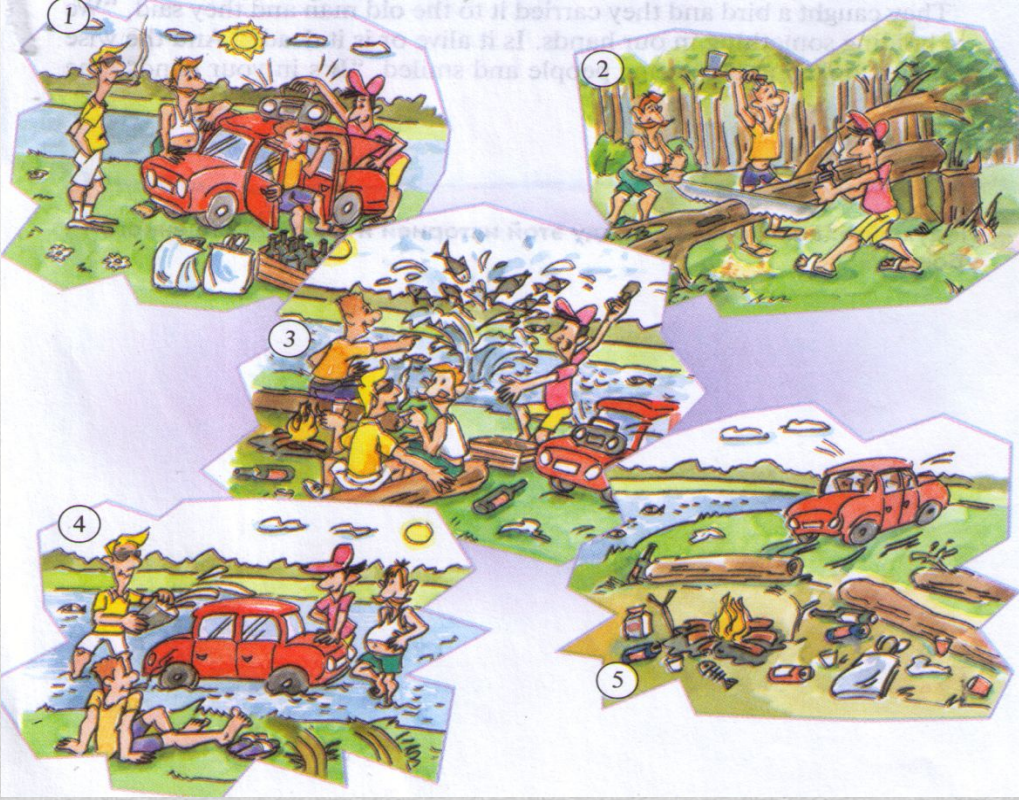

'Cos' nothing is forever
And nature is getting tired.
If we don't stop and think today
Tomorrow the earth could die.

You can have bath or a shower
But today is the time to think.
Save the rivers because without them
You'll have no water to drink.

Today we are still in your forests,
In the sky, in the rivers, but look:
Don't kill us! Because your children
Will see us in picture books.

'Cos' nothing is forever
And nature is getting tired.
If we don't stop and think today
Tomorrow the earth could die.

Many animals and are in nowadays. In the past people used to them to their domestic and their lives. Today they kill them for and for their beautiful

Tigers and elephants are them. They have to from people in deep, dark

Other animals are disappearing from the, too. Modern is for them, because the is not clean and the is not fresh even high in the mountains. They don't often have good things to and to live.

We must wild We must take of nature.

Many wild animals and birds are in danger nowadays. In the past people used to kill them to save their domestic animals and their lives. Today they kill them for fun and for their beautiful skin.

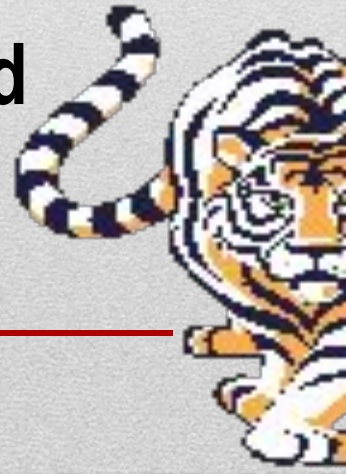

Tigers and elephants are among them. They have to hide from people in deep, dark forests.

Other animals are disappearing from the Earth, too. Modern life is bad for them, because the water is not clean and the air is not fresh even high in the mountains. They don't often have good things to eat and space to live.

We must save wild animals . We must take care of nature.

Animals are in danger because

- People destroy nature.
- People drop litter in the forests.
- People pollute rivers, seas, forests and air.
- People cut down and burn forests.
- People kill animals, birds and fishes.
- Animals don't have clean water to drink.
- Animals don't have space to live and good things to eat.

How to save

A **S**

• **People should ...**

• **People shouldn't ...**
