# Music in my life

# Jazz

Let me introduce my group. I am fond of jazz. Jazz was created in the United States by black Americans. It is a mixture of many different kinds of music. It is a combination of the music of West America, the work songs the slaves sang, and religious music. Jazz bands were formed in the late 1800-s. Improvisation is an important part of jazz.

Jazz became more and more popular. People who like jazz always remember American jazzman Louis Armstrong.

**Louis Armstrong**

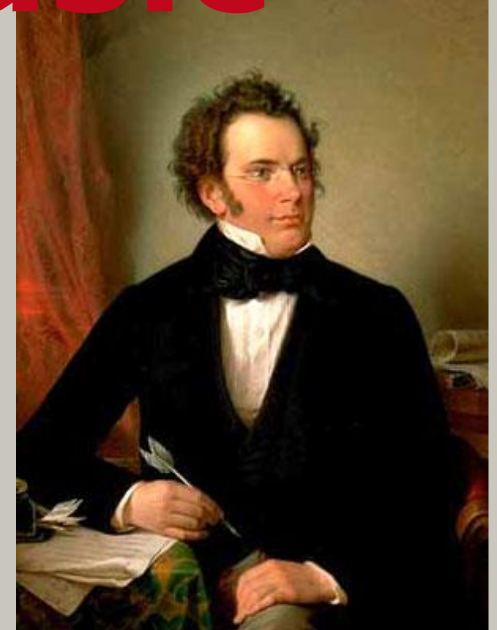

# Classical music

**Ludwig van  
Beethoven**

**Wolfgang Amadeus  
Mozart**

**Franz Schubert**

**We want to tell you about classical music. As for me I have found classical music the closest to my soul. I find classical music relaxing. This music has been living for centuries. It is heard in every corner of our land. Some people simply don't understand classical music, but it creates a special spiritual world for the listener that enriches his inner life and makes him happy.**

**Pyotr Ilyich  
Tchaikovsky**

**Dmitri Dmitriyevich  
Shostakovich**

**Sergei Rachmaninoff  
Rachmaninoff**

**When I listen to the classical music as to “Sleeping Beauty” by Tchaikovsky, I enjoy this wonderful music. It helps me feel much better. Of course, it’s difficult to find the way into serious classical music. I think, we must be taught not only to listen but to understand, which is more important. This music makes me feel like dreaming.**

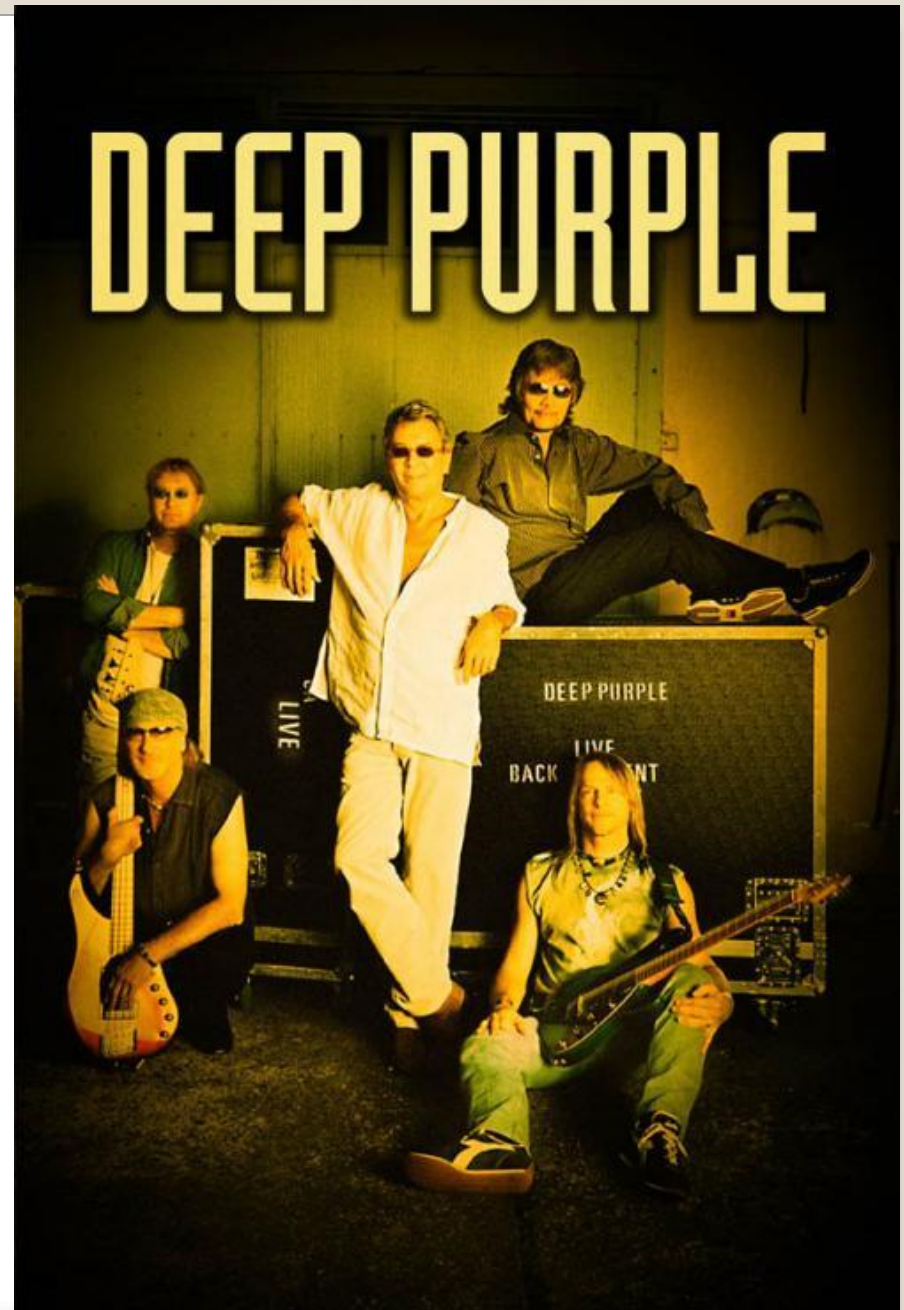

# Rock

**We are going to tell you about rock. It is my music! As for me I prefer rock because it can express all kinds of my mood. I can find a support in rock. Rock music, or, rock-n-roll, appeared in the 1950-s. The first rock music is connected with the names of Elvis Presley, Chuck Berry, The Beatles, The Rolling Stones, and some others.**

**The 70-s were the time of revolution in rock music. Lead Deep Purple told the world about the beginning of new era of hard rock. I'd say that, of course, tastes differ and everybody is fond of particular genre of music. But I am mad about rock.**

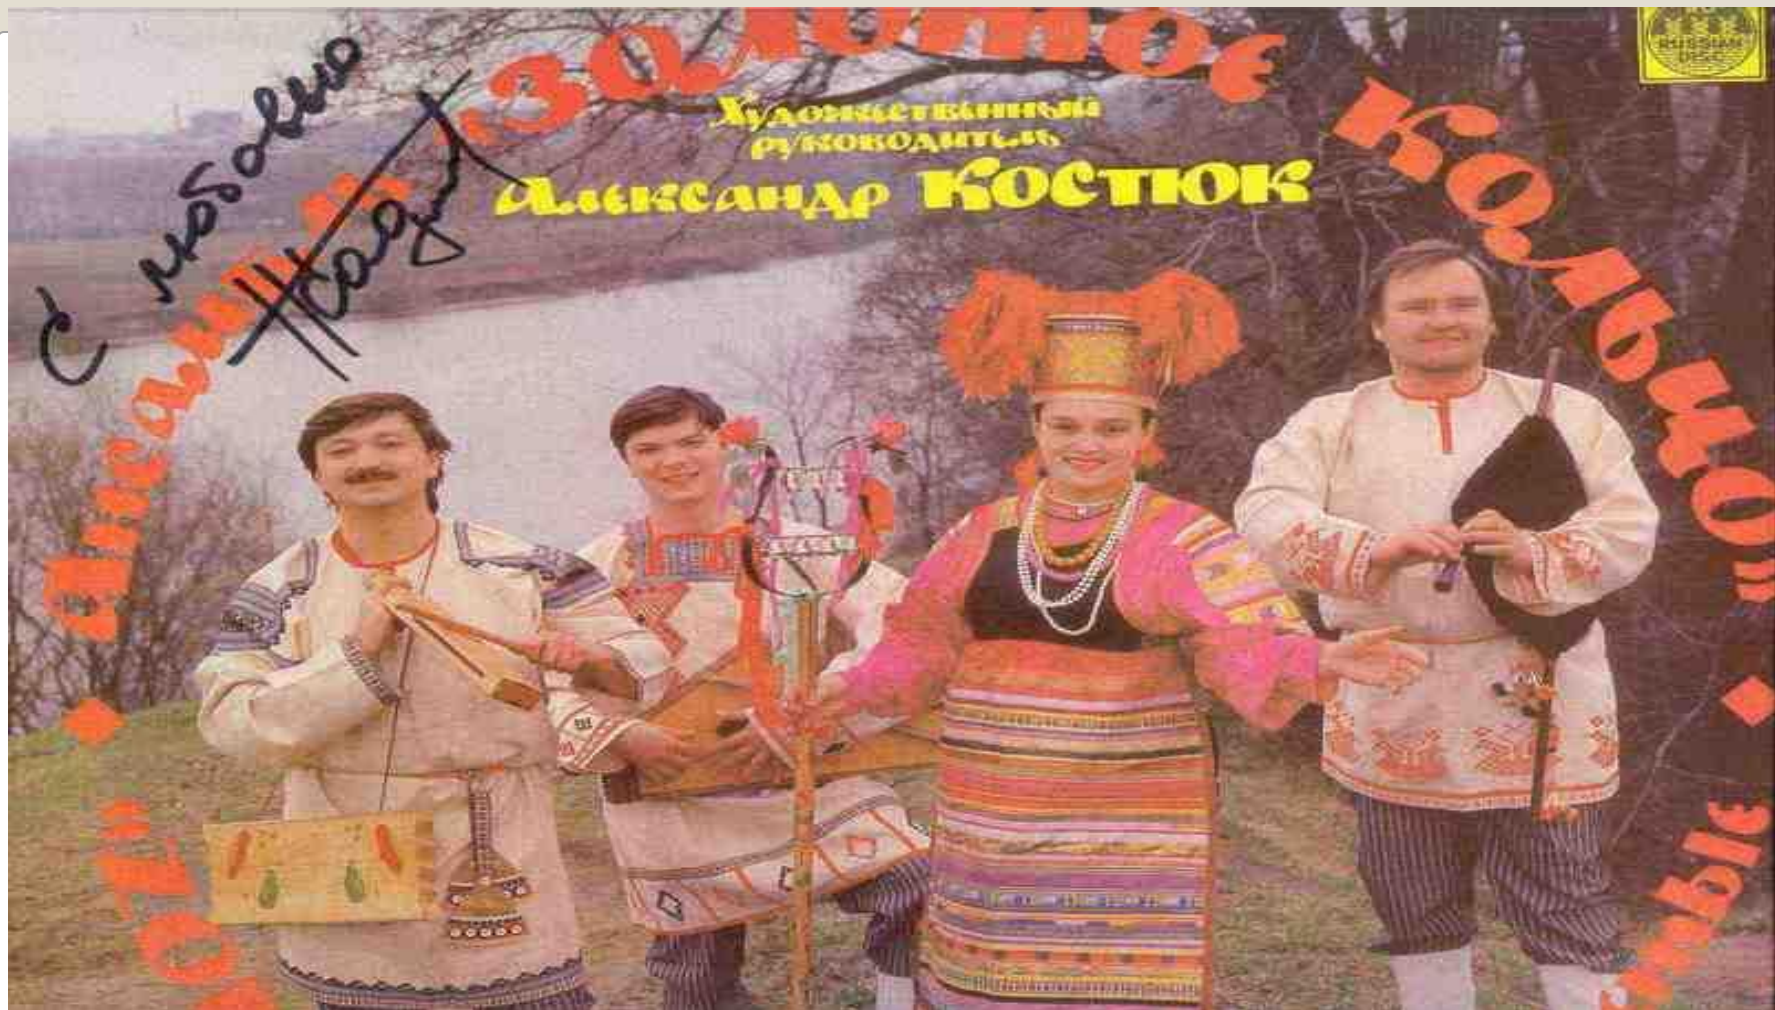

# Folk music

**We are going to tell you about folk music. This music lives on for centuries. Every nation has its own national The British are very fond of their folk music. They held special Folk Festivals, where the young can learn about their national culture and folk music.**

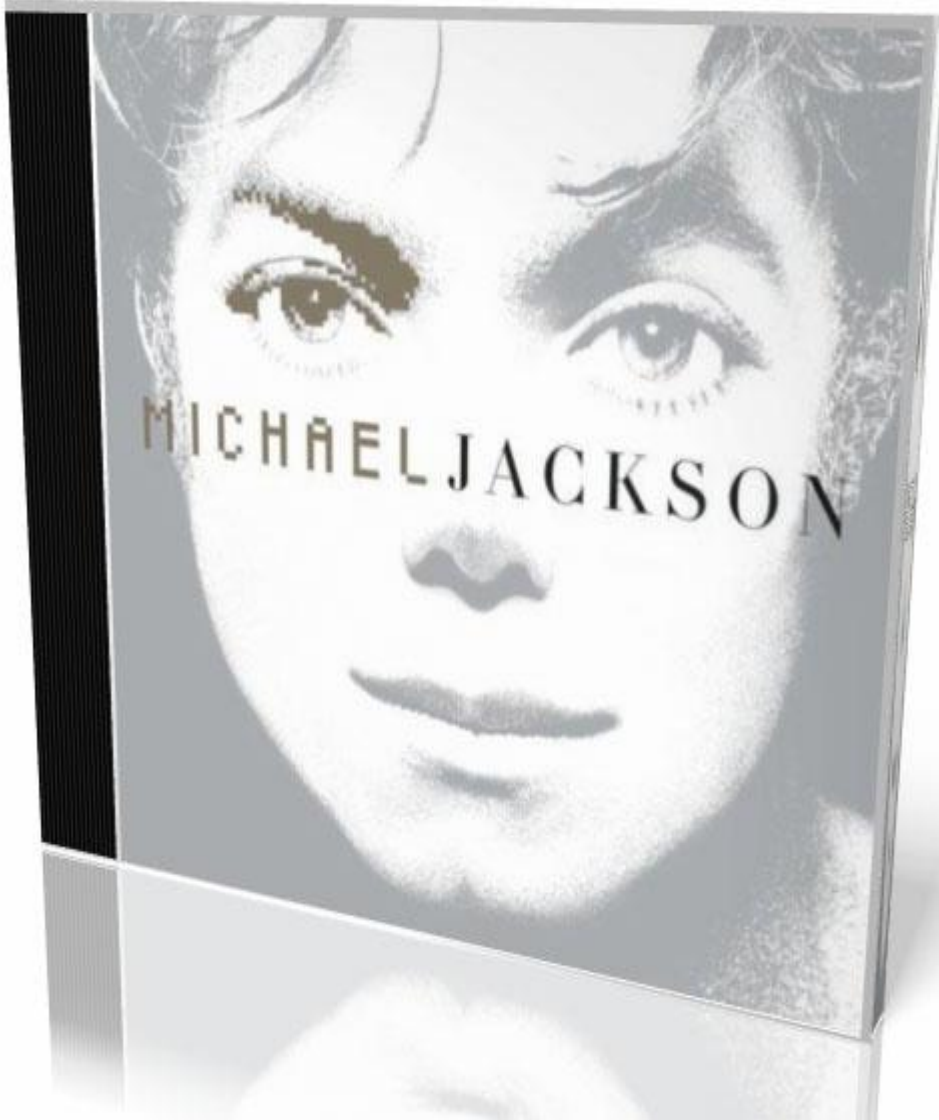

**But I know that there are some groups now. We know Nadezhda Babkina and Nadezhda Kadysheva. In Russian culture there is also a special form called "chastushka". Russian people like them.**

# Pop music

**I love pop music. It's unusual and exciting and it's the way of sharing all our hopes and fears. I like to know more and more about popular talented groups and singers I like.**

**As for me I like new rhythms, I prefer pop music. Pop music unites the teenagers all over the world .We can hear this music every day and everywhere. I think music is really, first of all, the background of our life, it helps us to live, and it makes our mood.**

# Radio ga ga (Queen)

Radio - radio

I'd sit alone and watch your light

My only ... through teenage nights

And everything I had to know

I heard it on my ...

You gave them all those old time stars

Through wars of worlds - invaded by Mars

You made me ... - you made me ...

You made us feel like we could fly

Radio

So don't become some background noise

A backdrop for the ... and ...

Who just don't know or just don't care

And just complain when you're not there

You had your time, you had the power

You've yet to have your finest hour

Radio - radio
