11. Now it's still minus 30 **DEGREES** and the cubs must have the shelter of the den.

FAIRY TALE

Once upon a time there lived MEN and NATURE. They lived on the EARTH in a great HARMONY. NATURE helped MEN to hunt, to fish, to grow food and to build many things.

The time went on. Once MEN built many factories, plants, different cars and machines, electric power stations and many other things. All these things were very dangerous for NATURE because of their waste. That is why NATURE felt ill. Since that time the situation has been changing to the worst.

Now NATURE has different diseases because...

What must we do?

We must ...

A hand is shown from the bottom, cupping a glowing blue globe of the Earth. The globe is illuminated from behind, creating a bright blue halo effect. The continents are visible in a darker shade of blue. The background is a gradient of blue, darker at the bottom and lighter at the top.

There is only one Earth, save it!
