

A vibrant tropical beach scene. In the foreground, a sandy beach with ripples in the sand meets the turquoise ocean. The water transitions from light blue near the shore to a deep blue further out. Several small islands, each covered in lush greenery and tall palm trees, are scattered across the horizon. The sky is a brilliant blue, filled with large, fluffy white clouds. A massive, bright sun is positioned in the upper center of the frame, partially obscured by a large, semi-transparent blue circular graphic. The overall atmosphere is bright, sunny, and idyllic.
