TELEVISION IN OUR LIFE

**In Britain about 95% of homes have a TV.
Children aged between 11-16 watch TV 3 hours a
day.**

What about you? *How long and when do you watch TV?
Do you watch it alone or with your parents, brothers,
sisters, friends?*

IT'S INTERESTING TO KNOW...

1929	The 1-st electronic television system was demonstrated.
1936	The 1-st TV program was transmitted on the BBC.
1954	Color television began in the USA.
1962	The 1-st television satellite was launched by an American company.
1964	The 1-st color television pictures were shown.
1984	The 1-st hand-held televisions appeared.
1992	High-definition television appeared.

MODERN TELEVISION

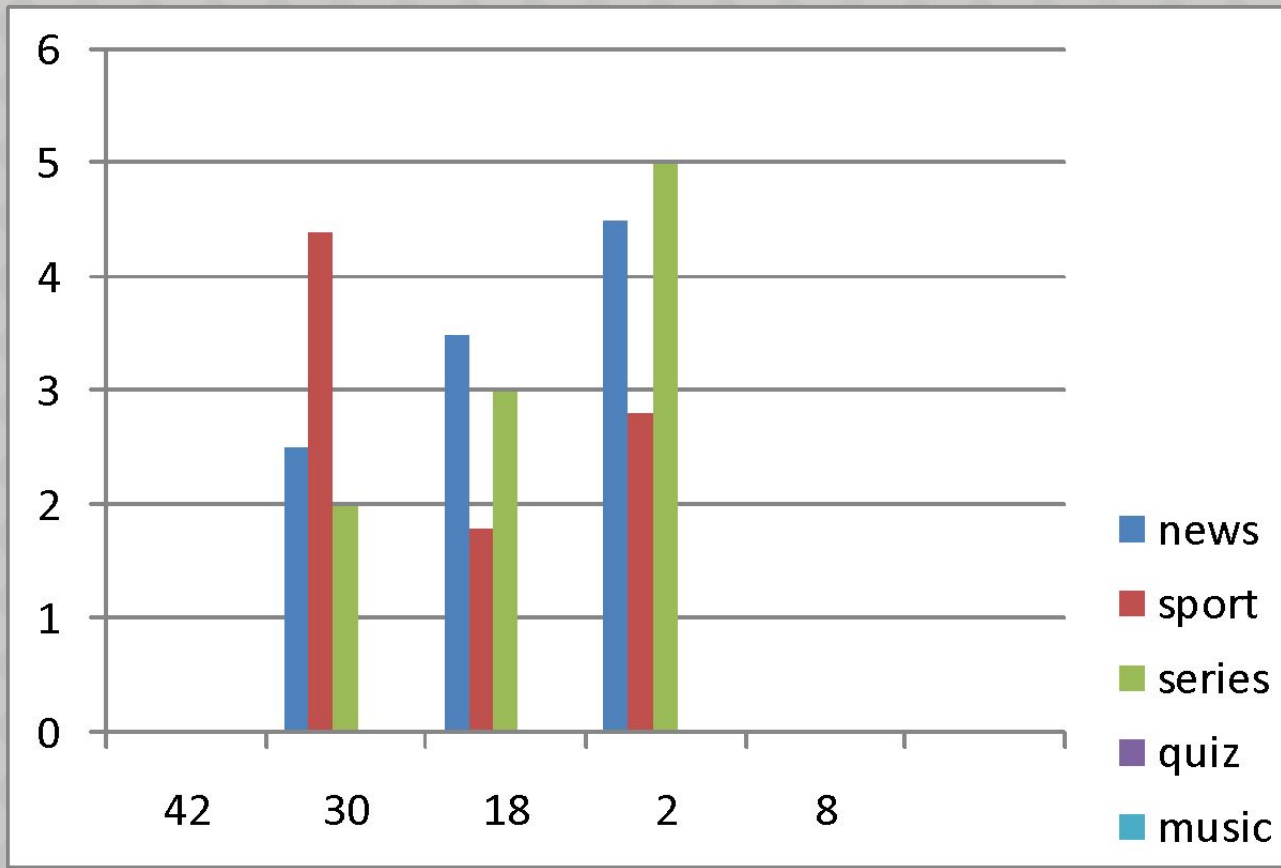

I THINK ... SUITABLE FOR CHILDREN...

Under 6	Under 12	Under 18	Grownups

What is your favorite TV program?

What do you like to watch on TV?

NO
CRIME
VIOLENCE
CRUELTY
ON TV

READ THE NEWSPAPER CLIPPINGS:

- ◎ Between 22 and 34% of young males imprisoned for committing violent crimes report having imitated crime techniques watched on TV.
- ◎ Dr. Ming, University of Illinois, found that youngsters who watch a lot of TV when they were 8 years old were more likely to be arrested for criminal acts.

Do you think violence
on TV should be forbidden?
Who should be responsible
for that?

CONCLUSION:

Many people, many minds!

Everybody must choose
himself what to watch.

But remember the saying:
*“He who owns the information
He owns the world.”*

Спасибо за внимание!

Thank you!
