# Девиз

Чтоб лидером в учебе быть  
**урока:**

Ребятам надо знать:

«Быть творческим,  
активным,

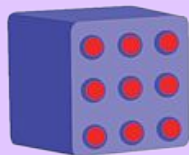

Успешным и тактичным,

А так же энергичным

К уроку приступать».

My friends, I cordially invite  
In my quiet, kind house!

He has been waiting for fun for a long time!

Everything was bored in it!

I know that you will burst like a wind,

Sweeping away boredom in its path!

You are the most cheerful in the world!

And it is high time for you to come!
