Kundravy is a very ordinary village, famous for its beautiful nature and a very interesting history.

- ⦿ There is not much accommodation here and there are not very many things for people to do. But we love our village and put our heads together to find a way of drawing tourists into the village. It will generate business and also create new jobs.

Our lake attracts a lot of people in summer.

And you know there is a beautiful legend about it: a young man and a girl fall in love, but when they were on their way home the girl got a cold and died. As was lying in her blue dress she turned into a lake. And, really, if you look at the lake from the plane, you'll see that it is similar to a figure of a girl. We can act out this wonderful legend and it will be interesting for our guests to watch it.

Another attraction in our village is a museum of a great film producer **Sergey Gerasimov**.

He was born here and the museum was founded in his honour. His films are well-known all over the country and even abroad. The museum is very interesting. There you can see many Gerasimov's things, even a copy of his personal study.

Another famous person is **Petr Isaev**, who was buried on our cemetery. He was a well-known comrade of a great commander Chapaev. There is a legend that even **Pugachov** passed through our village. So, we came up with the idea of making a recreation of this event. It will be interesting for tourists to take part in it.

A historical photograph of four Ural Cossacks. One man stands in the center, wearing a dark brown uniform with a large, dark fur hat and holding a rifle. To his left, another man in a similar uniform and fur hat is kneeling, resting his chin on his hand. In the foreground, a man in a white uniform and white cap is kneeling. To the right, a man in a brown uniform and a smaller cap is kneeling. They are positioned in front of a wooden building with a window. The text "The Ural Cossacks" is overlaid in a large, pink, italicized font across the center of the image.

*The Ural
Cossacks*

A vintage black and white photograph of three Cossack men. They are wearing traditional dark, heavy clothing and large, tall, cylindrical fur hats. The man in the center has a very full, dark beard and a serious expression. The man on the left has a shorter, curly beard and is looking slightly to the right. The man on the right has a shorter, straight beard and is looking towards the camera. They are standing close together against a plain, light background.

*Kundravy is an

village*

Kundravy is an ancient Cossack village and we suggest to produce and sell handmade souvenirs, which will be engaged by pupils of our local school of Arts and pupils of the center of children's creativity. They can make sculptures of Cossacks, paint them and sell at the local museum.

It will help us to get a new 3D system for our club and many people from neighbour villages will come on film-sessions. Money will soon attract money and we will be able to welcome thousands of tourists every year.

An empty auditorium with rows of black seats, a wooden stage, and a perforated metal ceiling. The walls are light-colored wood paneling. There are two windows on the back wall and a speaker on the stage.

Of course, we must suggest a good accommodation for our tourists. We have a lot of houses built near the lake. We also want to organize a paid beach where tourists can sunbathe, swim, fry shish kebab in the countryside.

We think good tourists routes, trained guides, developing outdoor activities will make our beautiful village a tourist destination.

A row of white houses with red roofs and green accents, viewed from a gravel road under a clear blue sky. The houses are arranged in a line, and the road is made of gravel with a white line. The sky is a clear, bright blue.

Variants of design

A photograph of a bedroom with warm, orange-toned wood paneling on the walls. A window with a white frame is set into the wall, offering a view of green foliage. In the foreground, a bed with a light-colored, patterned rug is visible. The overall atmosphere is cozy and modern.

A Paid beach

A close-up photograph of several skewers of shish kebab. The meat is cubed and has a rich, brown, charred appearance, indicating it has been grilled. The skewers are arranged in a slightly overlapping manner, and the background is dark and out of focus, emphasizing the texture and color of the meat.
