# **The aim of my research work is**

- **To learn more about the world of the English idioms and attract my classmates' attention to them, providing that using idioms in our speech makes it brighter and more intelligent.**

# Idioms

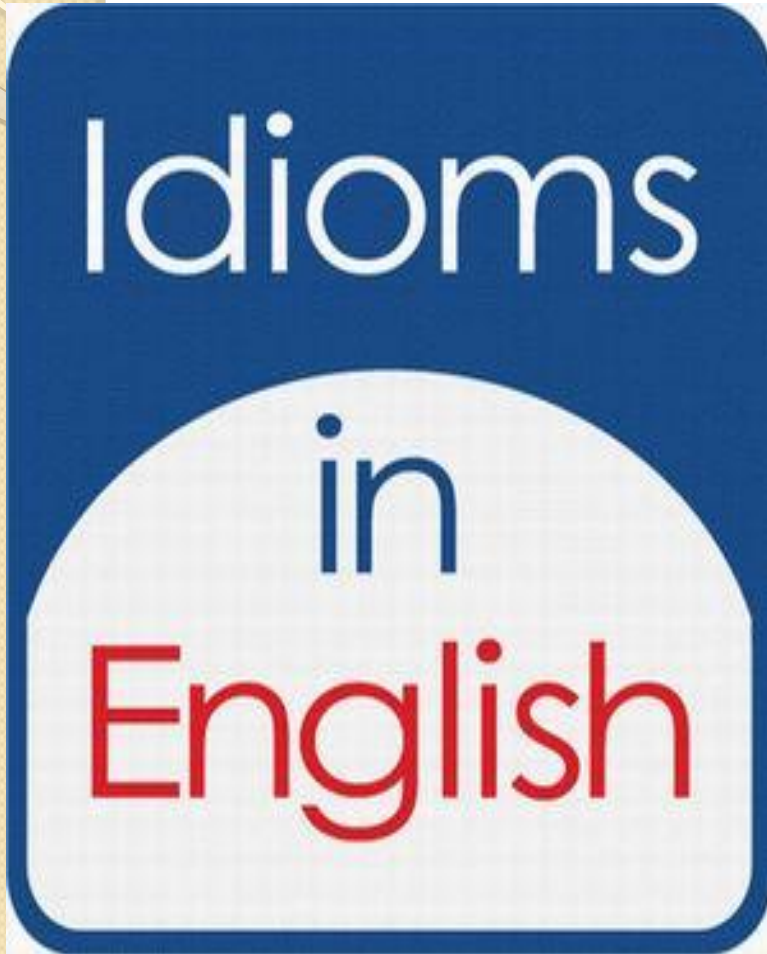

Idioms are phrases which people use in everyday language which do not make sense literally, but we understand what they mean.

# The hypothesis

- By using idioms you can distinguish a native speaker from the advanced learner and the beginner in studying the English language

The methods of research used:

- **analysis**
- **comparison**
- **questionnaire**

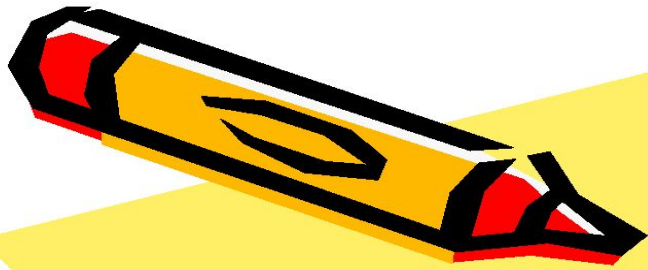

**KEEP  
CALM  
AND  
STUDY  
IDIOMS**

# What for do we use Idioms?

- For emphasis
- To agree with a previous speaker
- To comment on people
- To make an anecdote more interesting
- To catch reader's eye
- To indicate membership of a particular group

# The structure of Idioms

English  
Idioms

# Idioms

An idiom is an expression whose meaning has little, often nothing, to do with the meanings of the words in the expression itself. You have to know its "hidden" meaning.
