May

What season is it now?

Spring is here

I can see a rainbow

I can hear the birds

I can feel the sun

Spring is here

I can see the butterflies

I can hear the bees

I can feel the wind

Spring is here

Goodbye winter

Hello spring

A new start for everything

Goodbye snow

Hello sun

Let's go outside and

Have a lot of fun

Dance

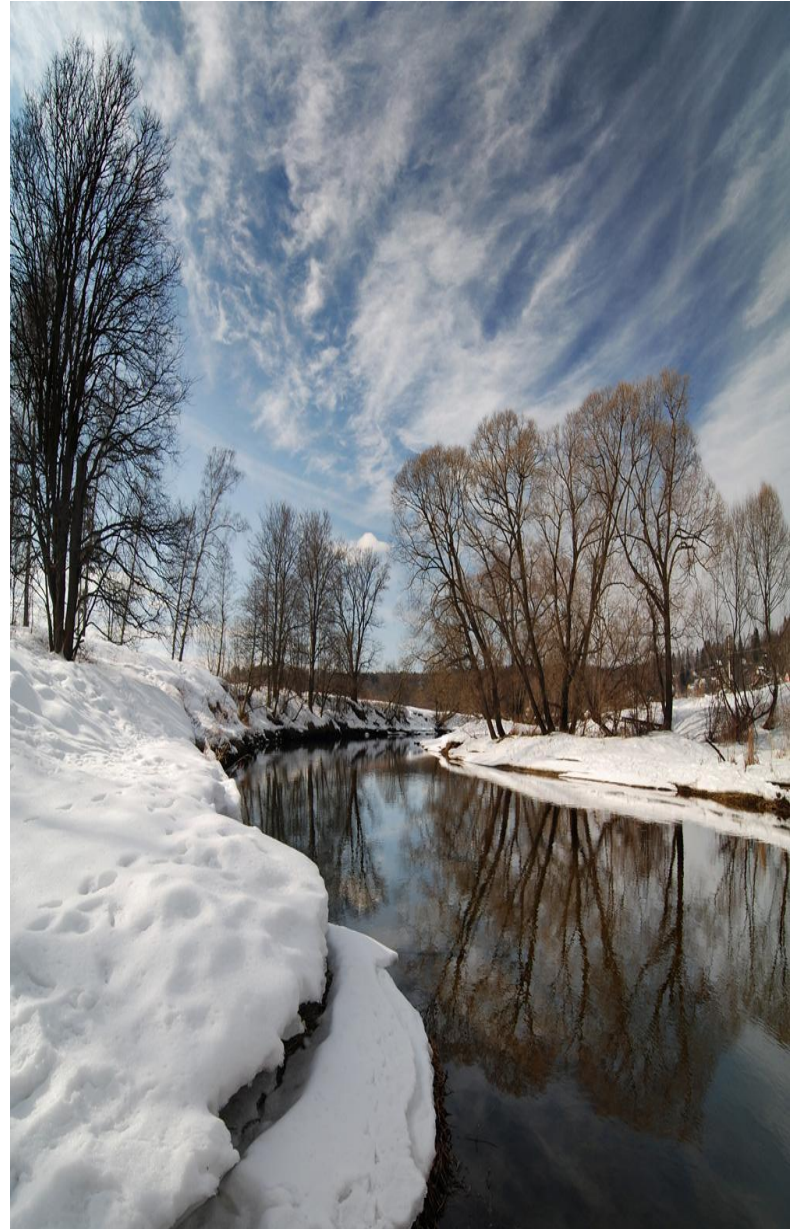

March

March stands between two seasons.

It has for that two reasons:

It s cold still, the snow is melting.

And at the door the spring is waiting.

April

The sun shines
bright,
But it's cold at
night.

The grass become
green
First flowers can be
seen.

May

I like the merry month
of May,
For I can play the whole
day,
With friends, with little
doggie Spot,
The weather's warm
and even hot.
