

A wide-angle photograph of a modern high school campus. The main building on the left has a brick and stone lower section and large glass windows above. A paved road with a red-painted curb runs across the middle ground. In the background, another large building and a flagpole are visible under a bright blue sky with scattered white clouds. The foreground is a green lawn with small shrubs.

Today's topic is  
«American High Schools»

# Now, check the results of your work.

- The school year in the United States of America begins in September and finishes in June.
- There are three semesters. They have no school on the following: Thanksgiving, Christmas, Easter and during summer vacation.
- The compulsory subjects are English, Math, Science, Social Studies and Physical Education.
- The students can also choose the “electives” in such areas as Foreign Languages, Fine Arts, Vocational Studies.
