# Student's opinion on some subjects

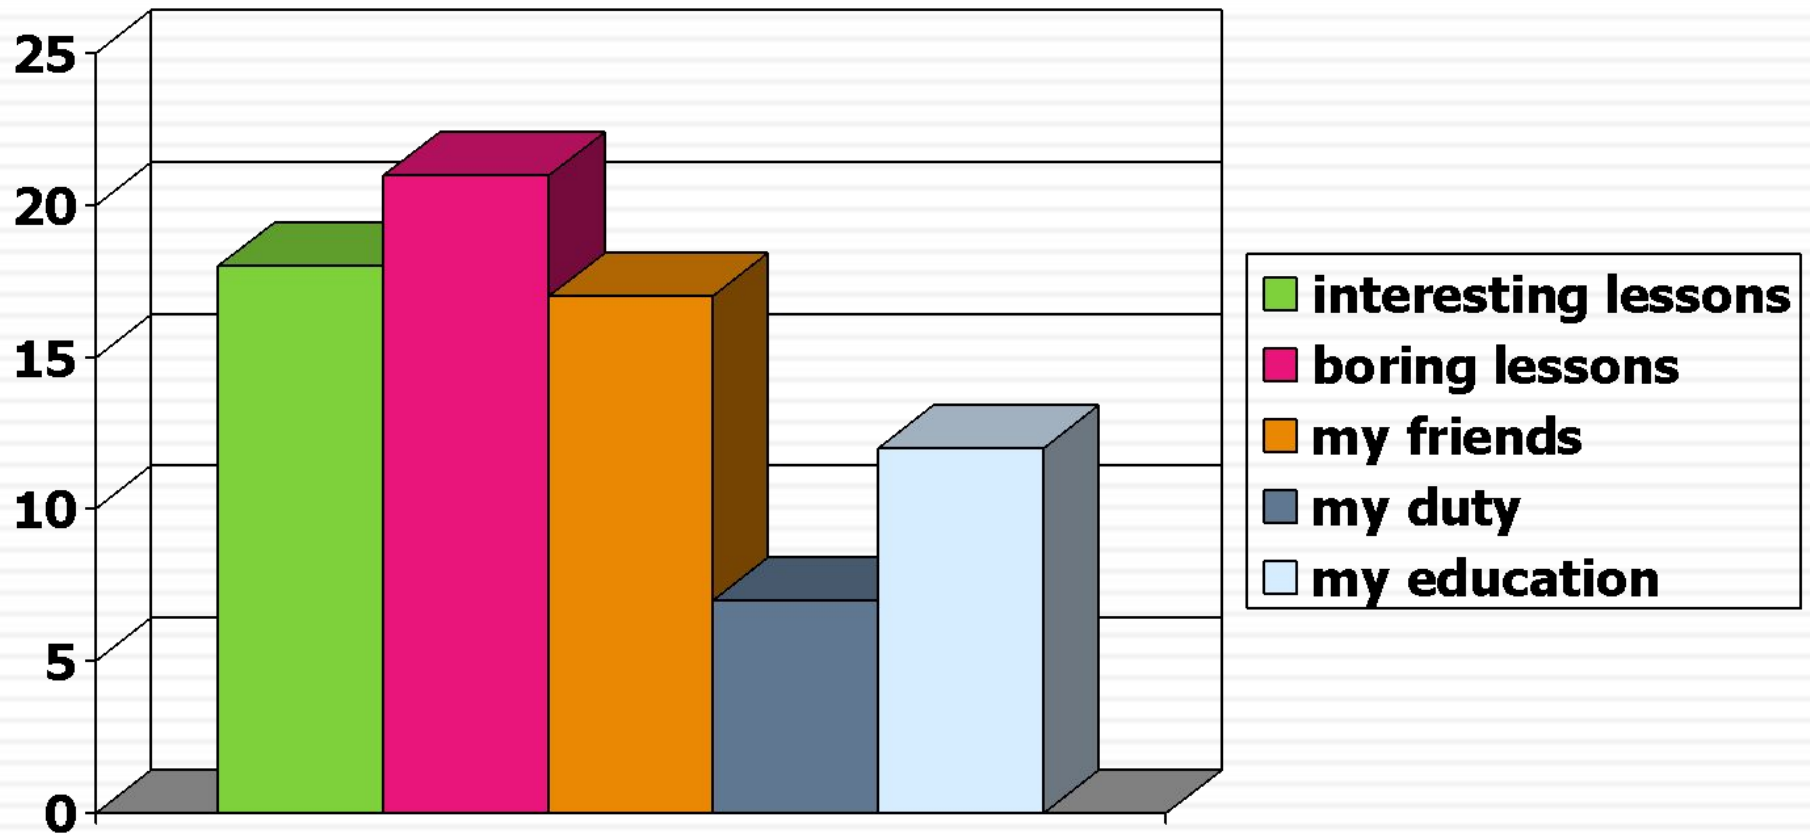

- I think some subjects such as Geography, History, Art, Drama should be only studied by students who are interested in them. These subjects have nothing to do with real life. I think they are useless and boring.
- I prefer the subjects that prepare us for the life outside school.

# THE RESULTS OF PUBLIC OPINIONS

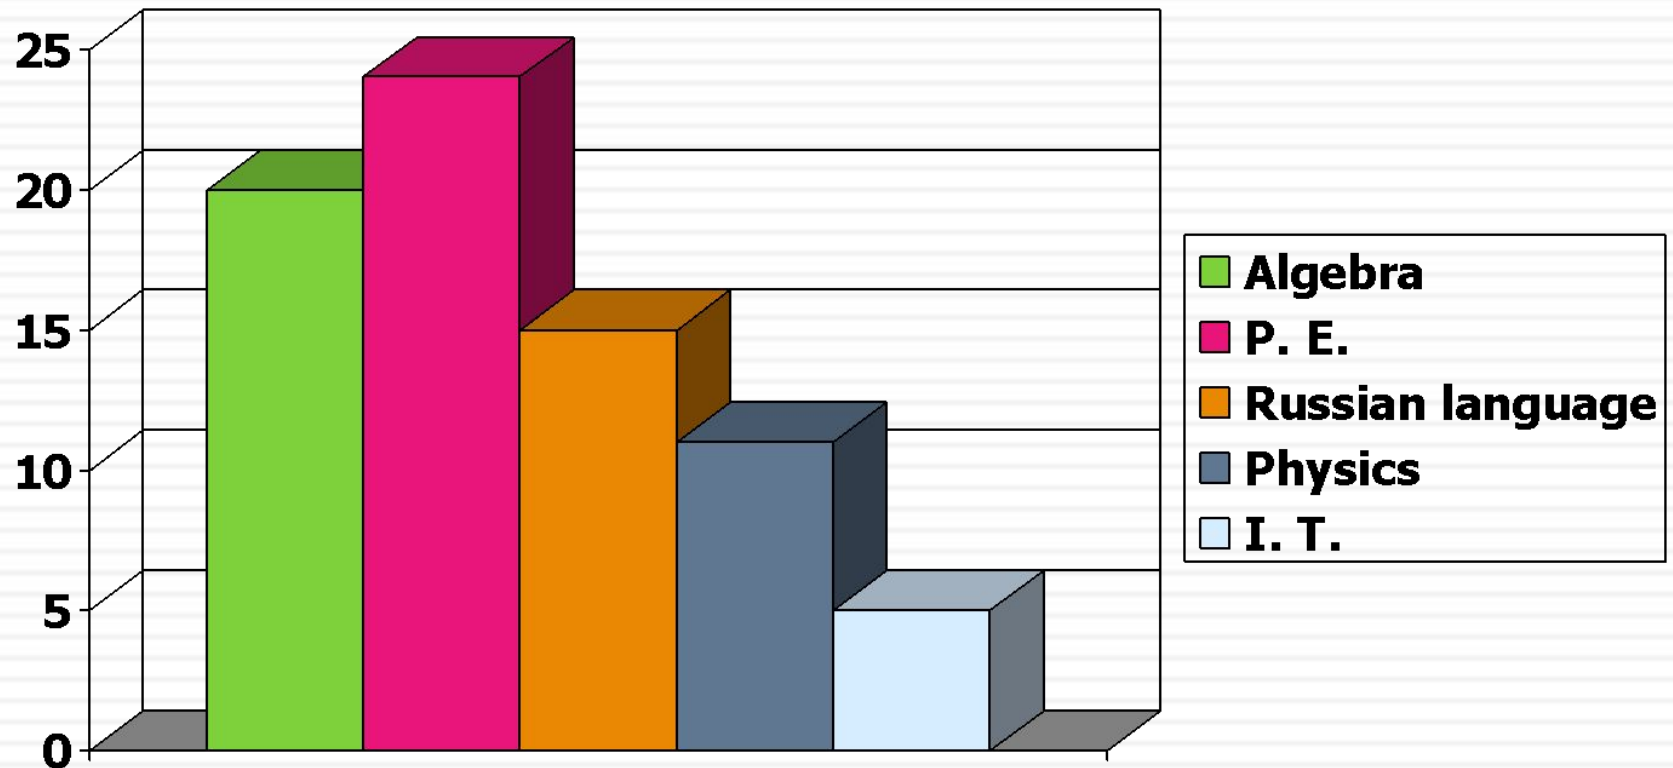

What type of school would you like to have in the future ?

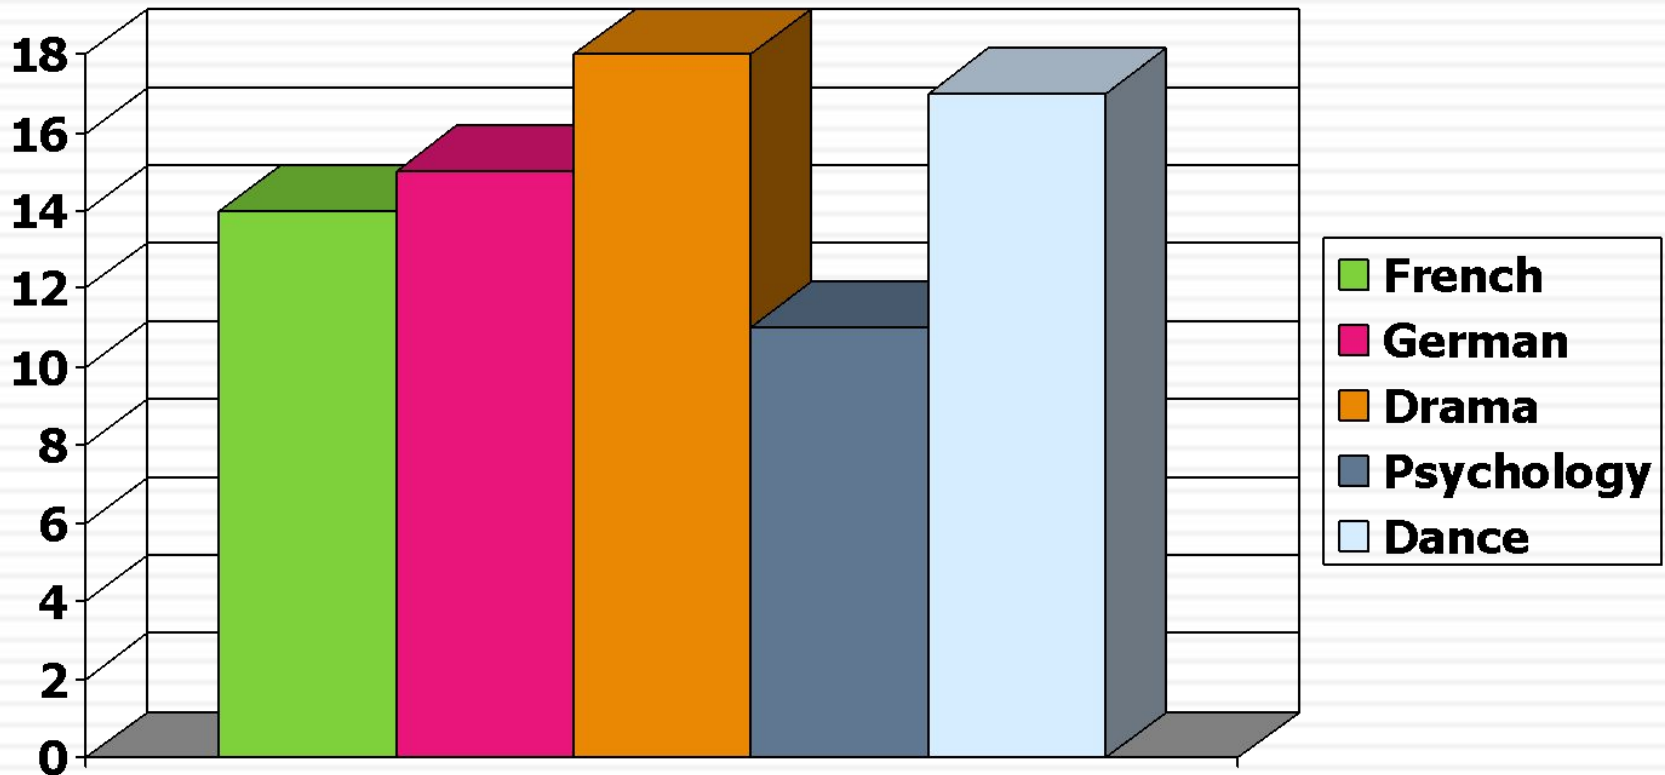

# What school means for you?
