True or False?

1 There is no doubt that TV helps us to learn more about the world, to know and see many new things.

2 TV can make us passive. We don't have to think and our brains become lazy.

3 TV presents information to us in a more effective way than books. It's an enjoyable way to relax. TV informs, educates and it's good company for people who live alone.

4 It eats up time.

5 To my mind TV brings us closer to other people, and helps us to cope with everyday life.

6 But I personally think there is too much violence on TV. It makes people especially children cruel and violent themselves.

7 Nobody makes you to watch TV. If you don't like it switch off your TV set.

8 Really TV has both advantages and disadvantages and it's up to us to decide how to use it.
