

**THE NAME OF THE PROJECT IS «MY
HOBBY»**

**Lukina Dasha. The student of the 6th form. School
№3. Cheremkhovo. The teacher – Tranchuk T D**

- The educational sphere is English. I want to tell you what I like to do in English. The type of my project is a creative project. The topicality of my project is what we love to do in our spare time.
- The aim of my work is to know more about hobbies.
- I should decide the following tasks:
- -to know what hobby is;
- -to know what kinds of hobby may be;
- -to know about hobbies of my classmates;
- -to tell you about my hobby.
- The hypothesis: I suggested that hobbies may be of different types and not only simple people but also celebrities have them.

WHAT I HAVE DONE.

- I visited my school library and chose books about hobbies.
- I found some information on the Internet.
- I discussed this topic with my friends and teaches.
- So I can tell everybody a lot about hobbies now.

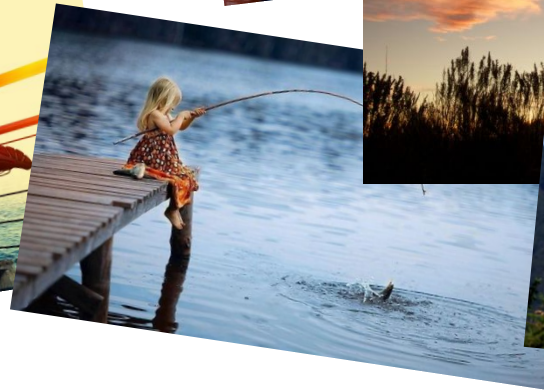

WHAT IS A HOBBY.

- **Hobby** is something you like doing in your free time and for enjoyment. You do it with joy and are ready to do it all your life. Hobbies make your life more interesting. It is a very good way to relax, to fight with stress and anger and to get maximum benefit from it. Besides hobbies help developing our outlook.

ALL HOBBIES CAN BE DIVIDED INTO 4 MAIN GROUPS:

- 1. Doing things: reading books, gardening, growing flowers, listening to music, dancing, fitness, fishing, hunting, tourism.

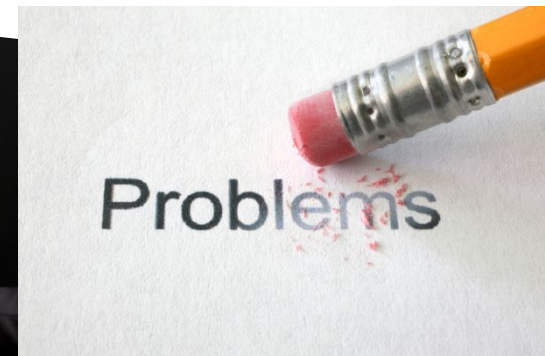

- 2. Making things: composing music, writing stories, designing clothes, making car and airplane models.

- 3. Collecting things: stamps, coins, books, CDs, videos, toys, posters, postcards, pens, pencils.

- 4. Learning things: foreign languages, the history of..., the problems of..., studying laws.

INTERESTING FACTS.

- Leonardo DiCaprio has a great love to tiny plastic action figures. His collection includes "Star wars".

- Angelina Jolie has a great collection of daggers.

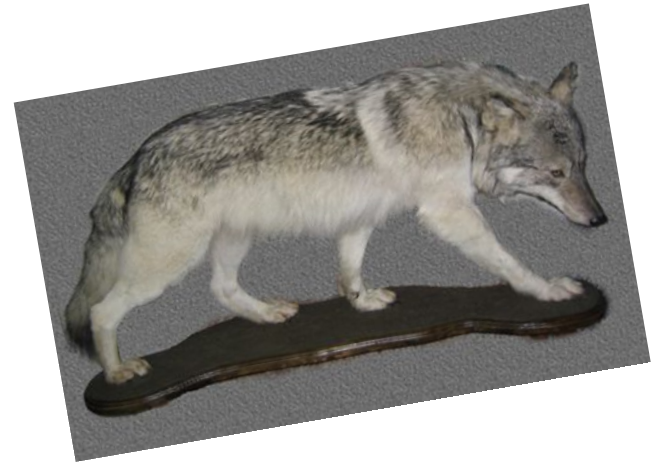

- Tsar Nikolai the second collected stamps, cars and war action figures. A part of them were made at Faberge jewelry plant.

- Michael Tyson likes pigeons. He is fond of them now.

- Johnny Depp collects stuffed animals and skeletons. He brings them from all over the world and keeps them at his house.

STRANGE FACTS.

- Collecting empty milk bottles. Paul Luck likes milk. It is not a glass of milk at breakfast but milk as a hobby. He has 100 000 milk bottles in his collection and he had to build the whole museum for them.

- Mooing. There are people who like to imitate animal sounds. You can believe or can't believe but there are mooing competitions. Such kinds of competitions take place in countries where people take care of cows.

- Taking care of dogs competitions. You maybe don't know what makes poodle to look so silly. It is some kind of a subculture. Dogs photos where they are dragons, tigers, pandas are a part of a competition.

- Art out of film. It is simple and elegant art using film taken from cassettes. This art appeared some years ago only. But several impressive works have been done already

MY FRIENDS AND CLASSMATES HOBBIES.

- My classmates have different hobbies. They sing, dance, knit, do sport, watch TV, play computer games, walk with friends and so on.

MY HOBBY.

- As for me I am fond of drawing and painting. My mother understood it and suggested me to attend art school. I like to study there. We have some subjects at art school: composition, drawing, painting, modelling using clay, batik and the history of art. It is very interesting for me so I think it is my hobby. I have a lot of works and suggest you to look at them.

MY CONCLUSION.

- Working at this project I have known a lot of things about different hobbies, hobbies of celebrities, interesting and strange hobbies, hobbies of my classmates and friends.
- I am sure that hobby is a very useful thing. It helps us relax and get pleasure.

THANK YOU FOR YOUR ATTENTION
