I have a friend. Her name is Yuliya. She is my best friend. She is sixteen years old and she is my classmate. She is tall, slim, very beautiful and attractive. She has long dark hair and brown eyes.

The history of our friendship.

- *The history of our friendship. We're friends with Yulia since the eighth grade. We go to each other's homes, and sometimes do homework together, and in summer we go swimming at Zigan. Now I began to recognize Yuliya better, it's very interesting with her. We started to walk, to go to school, to call up and talk. Thus our friendship grew stronger and stronger, tighter and tighter. We became best friends do not spill water!*

■ *Yuliya is the complicated character . She is very persistent, quick-tempered, sometimes severe, she always gets her way! But on the other hand, she is very kind, polite, funny, gentle and very emotional! We have so different characters. I quarrel with her very rare and short-lived, and then again make up. We always can talk about something. When I am with her, we always have a good laugh and we are never bored together.*

- *Yuliya has a lot of different hobbies. She likes to cook, knit, listen to music, play basketball, she loves flowers, for example, peonies and white roses. It can not be boring with her. In our spare time we watch TV, prepare delicious dishes, go for a walk in the street.*

- *Yuliya is very reliable and honest person at any time. I can rely on her.*
