A collage of various architectural and cultural landmarks. In the top left, a modern cable-stayed bridge with white towers and cables spans across a body of water. To its right is the Leaning Tower of Pisa, tilted to the right. Further right is a classical statue of a winged figure, possibly an angel or cherub. Below the bridge and tower are several domed structures, including a mosque with a large central dome and minarets. On the right side, the colorful, onion-shaped domes of St. Basil's Cathedral are prominent. The background is a mix of light blue and pinkish-purple hues, with a soft, glowing effect.
