

**My favourite season is
spring.**

The weather is very well. It melts.

I like it when the day is sunny.

The temperature is about ten or twenty above zero.

When it is warm I go for a walk with my friends or my family.

**I dislike it when the weather is
rainy, because it is dirty
outside**

**I like spring because I was
born on the 1st of May**

**People spend a lot of time
outside in spring.**

Children can help their parents in the garden
