

**My favourite season is  
spring.**

**The weather is very well. It melts.**

**I like it when the day is sunny.**

**The temperature is about ten or twenty above zero.**

**When it is warm I go for a walk with my friends or my family.**

**I dislike it when the weather is  
rainy, because it is dirty  
outside**

**I like spring because I was  
born on the 1<sup>st</sup> of May**

**People spend a lot of time  
outside in spring.**

# Children can help their parents in the garden
