

# My school world

by Scientific advice of  
Research Institute of General  
Education Herzen University.

# Objectives

# How the work was organized?

Increasing students' interest in history and architecture, the life and work of famous people of their districts

1. The aim is: What results we want to achieve? Why are we doing this?

Increasing motivation to learn foreign languages

2. to collect information: Who needs it? Who else is doing similar projects? What can we learn from them? What information we need for our creative work?

The development of creative abilities of students and research skills

3. Plan of action: What should be done to achieve the goal?

# Criteria

- 1. Accordance with the theme
- 2. Accordance with the form and content of the age of the students
- 3. Positive attitude
- 4. The idea of the project must be disclosed and presented clear

# 3 stages

# impressions
