ALL - EVERY - EACH

ALL

(total)

We use **ALL** to talk about the **total** number of things considered as a **group** and not individually.

Minimum of three things
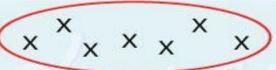

ALL is used for the entire amount of something.

All + plural noun

- *All* houses need to have a roof.

ALL can be used to make a generalization.

- *All* elephants are slow.

EVERY

(collectively)

We use **EVERY** to talk about things **collectively** as a **group** more than individually.

Not for two things

EVERY is usually for a large number.

Every + Singular Noun

- *Every* house on the street looks the same.

Can be used for **how often** something happens.

- *I take a break **every** two hours.* *(Every + Number + Plural Noun)*

EACH

(one by one)

We use **EACH** to talk about the **individual** members of a group as **separate** items.

For two things or more

EACH is usually for a small number.

Each + Singular Noun

- *Each* house on the street has a different number.

Each of + You/Us/Them

- She gave *each of us* a small gift.
