# I want to tell you about Easter.

- Among holidays which mark in our family, there is one special and unique – Day Light Khristova Revivals or as we name it, Easter. This holiday comes to us in the spring when the ground wakes up from a winter icy cold, the sun warms tenderly, the first plants are shily looking out.

- Easter is a very light and kind holiday.
- Easter is a long-awaited holiday in my family

□ Seven weeks before Easter, having asked each other pardons, we try to make only proper acts, and grandmothers still postyatsya. Before Light Easter we clean an apartment and we prepare holiday food. Eggs are necessary attributes of Holiday. Mum usually buys special stickers with the image of Spring colors, ikons, angels. But I have a special set For colouring eggs, and I paint them with pleasure .

- It's always a business for the grandmother.
- Her able fingers bakes a holiday Easter cake and prepares for rich Easter.
- In Khristova Revival all the family necessarily begins this day with holiday food.

- Passover holiday is the most light holiday.
