Global problems

global warming

environmental issues

earthquakes

floods

One of the most dangerous problems today is **TERRORISM**

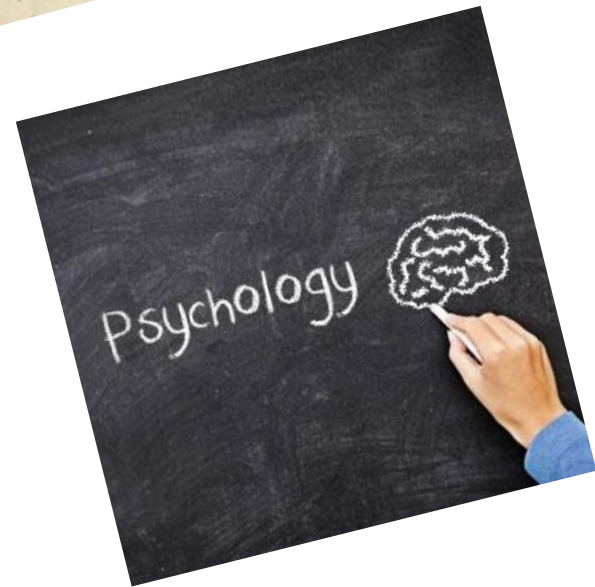

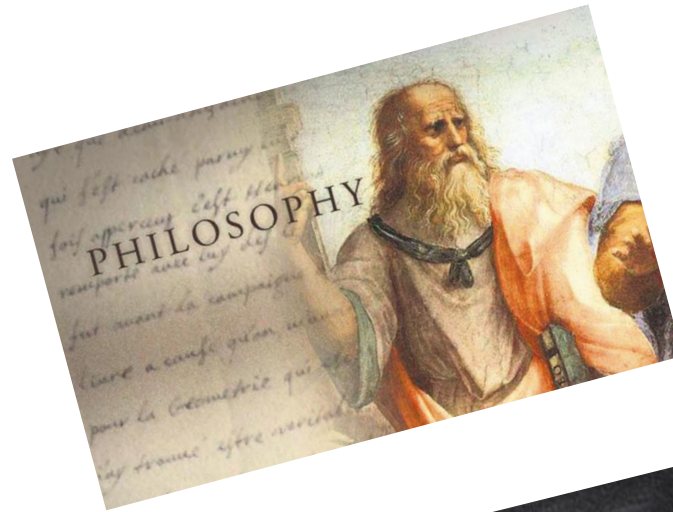

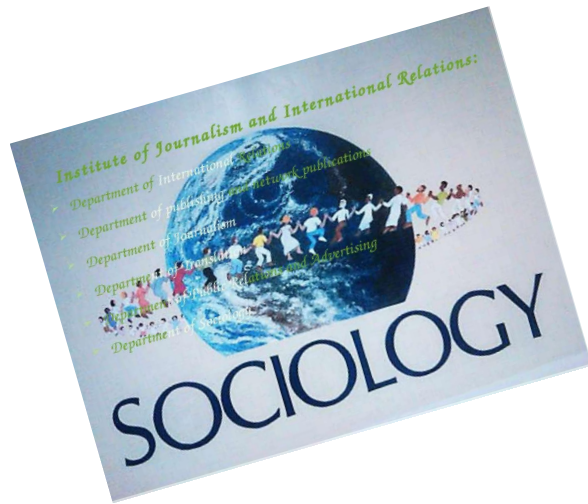

All magazines and newspapers write about this problem

Today we hear more and more news on TV about terrorist attacks

The problem of terrorism is examined with...

Don't mix **Separatism** and **Extremism!**

Extremism is directly
against the existing
political structures and
institutions

Separatism involves cultural,
ethnic or religious advocacy

Terrorism has a number of specific features:

- violence in offenses;
- anonymous threats;
- Intimidation;
- deterrence;

Attack in Beslan

Unexpected attack in Moscow in the musical theatre “Nord-Ost”

**The two huge skyscrapers were demolished on
September 11th 2001 in New York City**

STOP TERRORISM !
