Hello! My name is Peter. I am 17 years old. I finished school last year. I am studying at college now.

My college is in Moscow. It's great. It's an old building but our classrooms are very modern. We have multimedia projection units almost in every room. There are also magnetic marker boards and laptops.

There is a good sport ground in the college. We have a huge gym and even inside and outside swimming pools. We like to go there after lessons. Even our teachers go there.

On the ground floor there is a large canteen. There are good cooks. They work there all day to give us food. It's delicious. There are always too many people so that we just buy food and eat outside if it's warm and in the hall if it's cold.

I really like a place where I study. I go there every morning in a great mood but it doesn't prevent (останавливать) me to dream about holidays. By the way they are very soon.

Bye,

Peter.
