

MY NATIVE LAND - REPUBLIC OF SAKHA

*The 5th form, school №33 named
after L.A. Kolosova
By Afanasieva Eduarda*

The disc represents the northern sun. The light blue, white, and green colors stand for the sky, snow, and taiga landscape respectively. The red symbolizes the courage and constancy of the people

The flag of Sakha

The state emblem of the republic is a circle with a picture of a rider on a horse from an old Lena River rock carving in the centre. The ancient carving comes from the republic's Sakha forebears, who were horsemen and cattle breeders.
