

OUR PLANET IS IN DANGER!!!

LET US HELP IT!!!

THE MOST SERIOUS PROBLEMS

**WATER
POLLUTION**

**AIR
POLLUTION**

**KILLING
ANIMALS**

**CUTTING
DOWN
THE FORESTS**

WATER OR POISON

Water... Is this substance really important for us? Everyone will say: "Yes, of course! We can't live without it and every creature needs water too!" But if we know it, why do we pollute the water of our planet, why do we poison the environment? People must stop doing it! We still have time, but this time is running out!

ENVIRONMENTAL RULES:

- ◆ **DON'T WASTE WATER**
- ◆ **DON'T DROP LITTER INTO WATER**
- ◆ **TRY TO ATTRACT ATTENTION OF YOUR CLASSMATES TO THIS PROBLEM**
- ◆ **TELL YOUR FAMILY AND FRIENDS ABOUT THESE RULES**

PROTECT WATER – PROTECT YOURSELF

CHOOSE YOUR FUTURE

The air is always around us but we can't see it. All creatures on the Earth can't live without it, can't breathe when the air is dirty! But factories, cars pollute it! We poison our life and the air when we smoke! The forests have no time to produce more oxygen! But we can choose our future! If we try to correct our mistakes we will save our air! Time is going out. Hurry up!

ENVIRONMENTAL RULES:

◆ **DON'T SMOKE**

◆ **TRY TO USE PUBLIC TRANSPORT**

WHAT DO YOU CHOOSE?

ARE WE PEOPLE? NO, WE ARE KILLERS!

Everytime we see around us a lot of animals: cats, dogs, birds. Animals have always lived with us, but people don't value them. Many species of animals have disappeared because people have killed them. We can't get them back, but we can save the others. Let us help our "brothers". Let us save their lives!

ENVIRONMENTAL RULES:

A wolf is running through a snowy field, looking towards the camera. The background is a soft, out-of-focus white and grey, suggesting a winter landscape. The wolf's fur is a mix of grey, brown, and white, and its eyes are a light brown color. The overall scene is bright and clean, with snowflakes visible in the air.

❖ NEVER KILL ANIMALS

❖ IF YOUR RELATIVE IS A HUNTER
TELL HIM ABOUT THIS PROBLEM

❖ DON'T DROP LITTER

ENDANGERED ANIMALS

PEOPLE HAVE DONE EVERYTHING
TO DESTROY THEIR LIVES
BUT THEY STILL LIVE
LET'S THINK ABOUT THEIR FUTURE

THE GREEN PLANET!

Plants are one of the most important things in the world! We name the forests “the lungs of our planet” because they can produce oxygen! They give us food too! And at least plants make the Earth more beautiful! We must remember about it! We must not cut them down! We must think about our future, about the Earth’s future! It can’t be happy without our green friends – plants!

ENVIRONMENTAL RULES:

- ◆ DON'T WASTE PAPER
- ◆ PLANT NEW TREES IN YOUR DISTRICT
- ◆ DON'T CUT TREES DOWN

LET'S SAVE OUR TREASURE - PLANTS

***THE MOST IMPORTANT THING IN THE
WORLD IS THE WORLD PEACE***

THE END
