

Topic of the lesson:
“The world’s best friend is you”.

Form 8.

Teacher: Labazanova D.L.

The background of the slide is a bright, sunny landscape. It features a lush green field in the foreground, a single, well-developed tree on the left side, and a clear blue sky filled with scattered white clouds. The overall scene is bright and cheerful.

The aims of our lesson are:

to work with the topic of the lesson

to train the new words

to discuss ecological problems

to mind the use of grammar rules:

word building, conditional sentences

**If you don't think

**Rub your eyes and look around,
Litter lying on the ground,
Bottles, cans and polythene –
Take the tip and change to green!**

**Forests going up in smoke,
Cities fit to make you choke,
Nowhere left to be that's clean –
Take a breath and change to green!**

**Animals and plants have died,
People starve to feed the pride,
For the life that might have been
Take a stand and change to green!**

**What are the most serious environmental
problems mentioned in the poem?**

A glass globe of the Earth is centered in the image, resting on a bed of vibrant green grass. The globe is transparent, showing the continents and oceans. The grass blades are long and thin, creating a textured background. The overall scene is bright and natural, symbolizing environmental care and sustainability.

**Our planet is so wonderful, but we
have a lot of environmental
problems. What environmental
problems do you know?**

Checking home task.

What should or shouldn't people do to protect our nature?

- Create national parks
- Pass antipollution laws
- Recycle wastes
- Cut down trees
- Leave fire in forests

Yellowstone, the First National Park. Watch the video.

A pair of hands is shown from the left, cupping a small green seedling with dark soil. The seedling has several leaves and a thin stem. The background is a bright blue sky with a soft white sun flare and a blurred green field at the bottom.

Say if the sentences are true or false.

- 1. Yellowstone is located in the mountains.**
- 2. It is rather little.**
- 3. Yellowstone is the first national park in the world.**
- 4. The scenery of the park is wild and beautiful.**
- 5. There are three waterfalls on the Yellowstone River.**
- 6. Visitors can't see wild animals in the park.**
- 7. The Snake River is very fast.**
- 8. People usually take boat trips down the Yellowstone River.**
- 9. There is a lake in the mountains.**
- 10. People don't come to Yellowstone Park in winter because of heavy snow.**

Word building:

**First, most, famous, national,
bigger, smallest, different,
unusual, unchanged, beautifully,
visitors, freely, excitement.**

Conditional sentences

- 1. If we cut down fewer trees, the air would be clean and fresh.**
- 2. If we didn't pollute our rivers and lakes, they would be full of fish.**
- 3. If we planted more new forests, we would save wild animals.**
- 4. If we were clever and careful, we wouldn't live among litter and waste.**
- 5. If we took care of our planet, we wouldn't have so many environmental problems.**
- 6. If people hadn't polluted the planet, many species of animals wouldn't have disappeared.**
- 7. If countries had spent more money on scientific research, scientists would have solved some environmental problems.**

A composite image of a globe. The top half shows a lush green landscape with a large tree, a smaller tree, and two wind turbines. In the background, a modern city skyline with various skyscrapers is visible. The bottom half of the globe shows the blue oceans and white clouds of the Earth. The text is overlaid on the green landscape.

**What would you do if you were a president?
If I were a president, I would ...**
