What is music?

- Music is an arrangement of sounds which produce continuous rhythmic patterns, often containing melodies, harmonies and other structures, which make the sounds into a unified composition.
- Music often provokes emotional responses, but how it does this is more complex than simply combining melodies and harmonies.

Discussion

1. Do you like music?
2. What music do you like?
3. When do you usually listen to music?
4. Who is your favorite singer?
5. What is your favorite song?
6. Do your parents support your choice?

What sort of music do you like?

What music do you like listening to when you have free time?

Have you ever heard about “The Beatles”?

What do you think the word “Beatles” mean?

beast,

зверь,

beet,

свёкла

beat,

такт (удар)

beautiful,

красивый

bear,

медведь

beef,

говядина

beetles,

жуки

bed,

кровать

be

быть

How do understand these words?

I feel like music does have a role to play in waking people up; it can be an alarm clock or it can be a lullaby.
