Songs about Friendship and Friends.

If you're friendly and you know it,
clap your hands.

If you're friendly and you know
it,
clap your hands.

If you're friendly and you know it,
and you really want to show it,
If you're friendly and you know
it,
clap your hands!

With friend you have a lot of fun.
A friend will never let you down.
You'll tell your secrets to your friend,
And he will always understand.

A friend is always there for you,
And you can talk your problems
through. And now the most important
thing,
He'll be with you through thick and
thin.

But if your friend just wants some fun
And when you need him-lets you down
And doesn't give a helping hand,
That is a fair-weather friend.

He'll stand by you to the end –
And then you call that one your friend.

The more we get together

The more we get together
Together, together
The more we get together
The happier we'll be
'Cause your friends are my friends
And my friends are your friends
The more we get together
The happier we'll be
Oh, the more we get together
Together, together
The more we get together
The happier we'll be

Poems and verses about Friendship and Friends.

Friends, friends! I have some friends , I love.
Friends, friends! We always have a lot of fun
From early morning to set of sun.

Friends, friends ! I have some friends, I love.
I share my games and share my toys
With all the girls and all the boys.

Friends smile at you
They like your face.
They want to be with you at any place.

Friends have fun with you,
Friends share ,
They are glad when you are happy,
When you are sad ,they care

I can talk with a friend
and walk with a friend
I can play with a friend
and learn with a friend.

Stories of pupils of Russia about their friends

- I met my friend Andrew in kindergarten. Even though we were in different groups, we often played together during walks outdoors. He always shared his toys with me, and so did I. It turned out that we lived near each other. After kindergarten we went to study at the same school. I cannot imagine my life without Andrew. I appreciate our friendship and the fact that we are trying to help each other, and that we can talk about everything. Our friendship makes me happy.

Stories of pupils of Russia about their friends

- My best friend's name is Diana. We have been friends since earliest infancy, maybe since kindergarten, I don't remember exactly. We live next door to each other, and our Moms are good friends too. We attended one and the same group in kindergarten, and now we are classmates. But teachers don't let us share the same desk, because they say that we talk too much....

School is a place where we make friends.

In conclusion

We all appreciate friendship. «They are rich who have true friends», says the proverb and we all agree with it.

There is no doubt that life without friendship would be dull and meaningless. True friendship does exist. Friends are as important as water and air.

In the end of our project we we'd like to sing for you a very nice song about friendship.

Good luck all of you!

Good-bye! Thank you for your
attention!
