# Listening for specific information:

**Sir Winston Leonard  
Spencer-Churchill**

# Russian waxwork museums of famous people

St. Petersburg

Nizhniy Novgorod

Sevastopol

Suzdal

Moscow

Chelabinsk

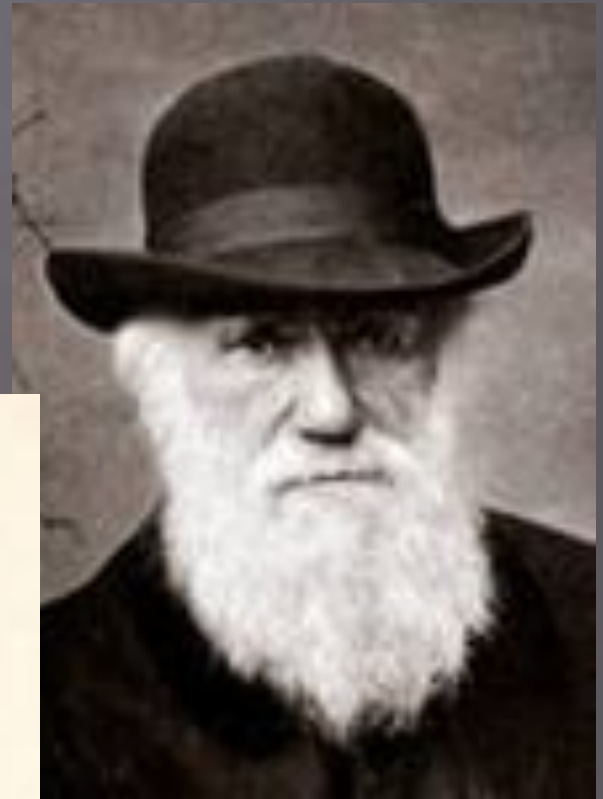

# A. SAKHAROV

a great Russian scientist

# DO YOU KNOW WHO THESE PEOPLE ARE?

# Fill in the table:

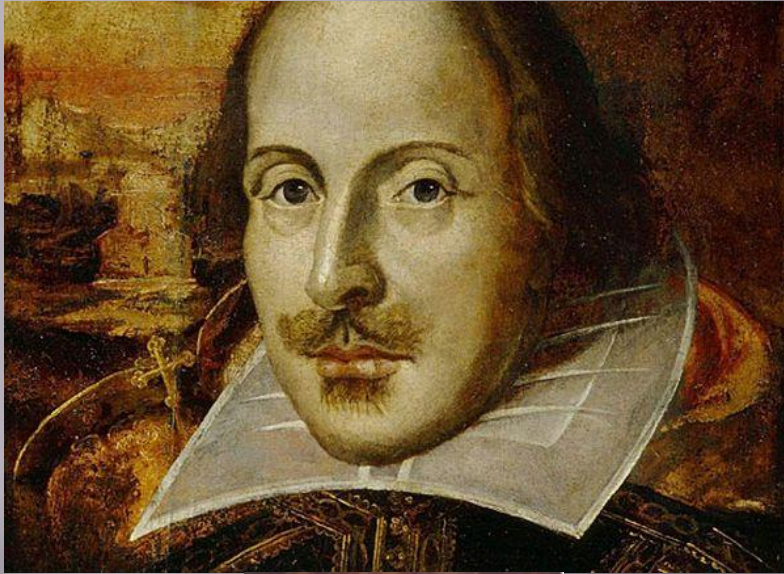

Names	I know	I want to know	I learnt
<b>W. Shakespeare</b>			
<b>Charles Darwin</b>			
<b>Charlie Chaplin</b>			

# Group task

## The plan of the story:

- ▣ What is he?
- ▣ When was he born?
- ▣ What did he do?
- ▣ What is he famous for?

# WILLIAM SHAKESPEARE (26.04.1564 - 23.04.1616)

He is an outstanding English writer.

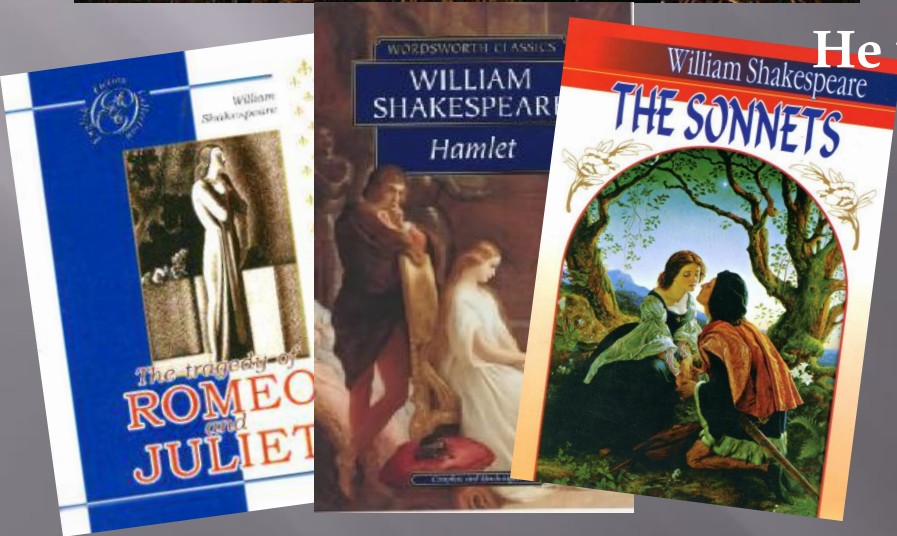

He was born in England in 1564.

When he was 20 he went to London and became an actor.

Then he began to write plays for the theater and became famous.

He wrote 37 plays and many beautiful poems.

His most famous plays are “Romeo and Juliet” and “Hamlet”.

# CHARLES DARWIN (12.02.1809 — 19.04.1882)

He is a bright scientist. He was born in 1809.

At school he was fond of chemical experiments.

He studied at Cambridge University.

During the 5-year voyage he studied many different kinds of plants and animals.

He is famous for his theory of evolution.

# CHARLIE CHAPLIN (16.04.1889 — 25.12.1977)

He is a gifted English actor.

He was born in England in 1889.

He began to act in the theater when he was 5 years old.

Then he went to America where he became famous.

He played in silent films.

He is famous for creating a language of face and body.

His best films are “City Lights” and “Modern Times”.

# make sentences:

W.Shakespeare	is	his theory of evolution.
Ch. Darwin	famous	creating a language of face and body.
