I Love... *My favorite subject.* the Best

My favorite subject is biology, because there are many interesting things. At the lessons the teacher tells us very interesting things. Lessons are fun but quiet. But the best is that we learn a lot of new things.

# LONDON UNDERGROUND

My favourite school subject.

- 1) My favourite school subject is English.
- 2) At the lessons we read, write, play games and sing songs.
- 3) We have English three times a week: on Tuesday, Wednesday and Thursday.
- 4) Learning English is not an easy thing, but I hope that in the future I'll speak English fluently.
- 5) I think knowledge of English helps young people of different countries to understand each other.

Big Ben

My favorite subject is Maths, because it's very interesting.

We have Maths every day. It's the science of numbers. People say Maths is hard. As for me, I don't agree. If you know the basics, it's as easy as 1, 2, 3. At the lessons we learn to add, divide, multiply and subtract, because everything uses numbers and Mathematics every day when we go shopping, plan something, build houses, plant corn and vegetables, and so on!
