Animals in Great Britain

People in Great Britain like animals. There are even special hospitals, which help wild animals. There are a lot of television films about wildlife. They are very popular with children and grown ups. A lot of British families have 'bird tables' in their gardens. Birds can eat from them during the winter months. The 'bird table' should be high because cats can eat birds.

The British often think their animals are like people. For example in Britain animals can have jobs like people. British Rail has cats and pays them for their work. Their job is to catch mice. There is usually one cat per station. They get food and free medical help. The cats don't catch a lot of mice but they are very popular with the British Rail staff and travellers.
