TOWER BRIDGE IS A SYMBOL  
OF LONDON.

*Tower bridge is one of the most famous bridges in the world.*

*The bridge has been opened to public since 1894. It was officially opened on 30th of June, by the Prince and Princess of Wales.*

*The construction of the bridge started in the year 1886 and was completed, after eight years, in 1894. 11,000 tones of steel was used for the construction of this bridge.*

*The total length of Tower Bridge is 244 m. It is divided into three parts and the longest part of the bridge is about 61 m*

*From the tower bridge, one will find beautiful views of the London Eye, St Paul's Cathedral.*

*London has many beautiful sites. We must definitely visit the tower bridge at least once in our lifetime.*

*Thank you for your attention!*
